

Bricker Treaty Issue Teeters In The Balance

By JOE HALL
WASHINGTON (AP)—The Senate after five weeks of controversy over proposed curbs on treaty powers, appeared to be at the point of decision today with the issue teetering in the balance.

Whether any proposed constitutional amendment would get the two-thirds vote required seemed likely to be decided by a hairline margin.

Heading for the climax of the long debate, the Senate Thursday rejected by eight votes a modified proposal by Sen. Bricker (R-Ohio) that would have required congressional action to make both treaties and executive agreements operative as internal law.

Senators Knowland of California and Lyndon B. Johnson of Texas, the Republican and Democratic floor leaders, said they believed final voting would come today.

Three Possibilities

The possibilities as the Senate reached the crucial point were three:

1. Passage of a three-point package plan proposed by Knowland and other Republican Senate leaders and already tentatively approved by majority vote. Knowland says it is acceptable to President Eisenhower.

2. Passage of a substitute proposal by Sen. George (D-Ga.) which the administration opposes, although not as determinedly as it did the starting point of the debate, an amendment offered by Sen. Bricker (R-Ohio).

3. Failure of either of these two proposals to muster the needed two-thirds margin. That would almost certainly shelve the whole issue for this year.

New Section Defeated

Approval would have to be followed by similar House action and ratification by 36 states to write the amendment into the Constitution.

Late Thursday the Senate defeated 50-42 a new section by Bricker, which he described as embodying the heart of his original proposed amendment.

Twenty-nine Republicans and 13 Democrats, most of them Southerners, supported Bricker. But 32 Democrats along with 17 Republicans and Sen. Morse (Ind-Ore) voted "no."

At least 18 senators oppose any constitutional change on the treaty-making power. The size of this group was shown in the 74-18 vote Thursday by which the Senate rejected a motion by Morse to send the Bricker resolution back to the Judiciary Committee for more study.

Blow From Baseball Fatal To 5th Grader

FREDERICK, Md. (AP)—A fifth-grader beamed on the head by a baseball hit friend hit back to him died Thursday night in Frederick Memorial Hospital. Dr. Robert Furie, county medical examiner, said he suffered a fractured skull.

The youngster, 11-year-old Elmer Mullinix, had not appeared to suffer ill effects from the blow and was riding his bicycle later in the afternoon, his family said.

He was taken to the hospital several hours later after becoming ill.

Horse Kicks Car In

WOODSTOCK, Ill. (AP)—Harry Wendler told authorities some horses started across route 14 Thursday night and he stopped to let them pass. One horse walked into the side of his car, then angrily kicked it several times. One side was caved in.

"I don't think my insurance company is going to believe this," he said.

Egypt's Foreign Policy Unaltered By New Regime

By ROBERT B. HEWETT

CAIRO, Egypt (AP)—Egypt's under-40-year-old boss assured the Western Powers today that a new and younger man in the top job doesn't mean a turn against the West.

British and American officials in Washington and London already had figured that the removal of conservative, 53-year-old Maj. Gen. Mohamed Naguib from the Nile republic's presidency would not change Egypt's foreign policy of friendliness with the West and determination that British troops must quit the Suez Canal zone.

Rumors circulated in Cairo, however, that the West was concerned that Naguib's replacement as premier and chairman of the ruling military Revolutionary Council by 36-year-old Lt. Col. Gamal Abdel Nasser, Maj. Salah Salem, fiercest of the council members and the national guidance minister, hurriedly summoned Thursday night to tell them:

"There will be by no means any change in our policy, either external or internal."

Salem said the republic's policies "have always been made by all members of the (revolutionary) council," the group of young army officers who led the revolt against ex-King Farouk and have dominated the government ever since. The council's membership remains unchanged, except for Naguib's removal.

'Coffee Women' Find Crop Short

By E. V. W. Jones
MIAMI, Fla. (AP)—Drink your coffee and pay the price.

That's about all the American family can do, because there really isn't much coffee in Brazil, four clubwomen invited to investigate advised upon returning here today.

The four, all holding important posts in the General Federation of Women's Clubs, went to Brazil as guests of that nation, and checked the coffee supply problem from farms to empty warehouse upon empty warehouse.

"They've really had a bad time of it," said Mrs. Theodore S. Chapman of Jerseyville, Ill., first vice president of the General Federation. "We saw millions of trees dead of a frost which struck last July 4. They were new trees, just coming into bearing."

"The first deprived the world market of an amount of coffee which would have supplied 150 cups to every American this coming year," said Mrs. Gilbert F. Leobes of Waterville, Me., the federation's consumer chairman. "And there was drought and insect damage besides that."

Terming themselves the "coffee women," the four sat around a table at an airport restaurant sipping coffee as they talked with newsmen.

Rebel Gunners Sink French Patrol Boat

HANOI, Indochina. (AP)—The French today reported the loss of a small Red River patrol boat under Vietnamese shelling. Communist-led rebel gunners sank the vessel 25 miles northwest of this French headquarters city. Only light patrol clashes were reported between French Union and Vietnamese forces in the hills around Dien Bien Phu, the big French stronghold in northwest Indochina.

Republicans Stick To Their Program For Tax Reduction

By CHARLES F. BARRETT

WASHINGTON (AP)—The Eisenhower administration has laid out a line of strong resistance to any increase now in individual income tax exemptions. And as House Republican and Democratic leaders squared off for battle over the issue, each predicted success.

"An exemption increase will be adopted by Congress," said Rep. Boggs (D-La.), sponsor of a move to boost exemptions from \$600 to \$700. This would save taxpayers about 2½ billion dollars a year.

Rep. Halleck of Indiana, House Republican leader, declared: "The over-all Republican program for tax reduction is sound and in the interests of taxpayers and the country. I think it will prevail."

Secretary of the Treasury Humphrey took up the cudgels for the administration late Thursday with a statement President Eisenhower said to have approved.

He said the administration would "vigorously" fight the proposed ex-

emption increase because:

1. The cost of national security, although coming down, remains high and taxes must continue relatively high "until government spending can be further reduced with safety."

2. The loss of revenue from proposed increased exemptions would "throw us back into substantial deficit financing which cannot be justified at the present time and which we have been working so hard to overcome." The present fiscal program contemplates a deficit next year of three billion dollars.

He said the administration's program already calls for 1954 tax reductions of more than 6½ billion dollars.

The House Ways and Means Committee hopes to complete section-by-section action on the revision bill today. But another week would be required before technical drafting is completed and the committee is ready for a final vote on the big tax overhaul.

President-Dictator Of Syria Banished; Rebel Chiefs Freed

By SIMON ALLAWERDI

DAMASCUS, Syria (AP)—Rebel army leaders sent Syria's ousted dictator-president, Gen. Adib Shishkely, packing into neighboring Lebanon early today and freed 12 political leaders he had arrested last month.

Their release was announced in a communiqué from the army chief of staff, Gen. Shawkat Shukry, who Thursday night appealed for the nation of three million people—most Moslem—to remain calm.

Arrested For Mutiny
The 12 men freed today included the top leaders of the chief anti-Shishkely factions—the Nationalists, Populists, Socialists and splinter parties. They were arrested Jan. 27 and accused by the dictator of "openly calling for mutiny and disturbance." The next day Shishkely clamped martial law on the country.

Shishkely, his brother Salah and his adjutant drove across the border after midnight following a swift army uprising early Thursday and an ultimatum that the dictator resign the presidency and get out of Syria within 24 hours.

Army Rules Damascus
The trio took refuge in Beirut's Saudi Arabian legation.

The rebel army command now in control in Damascus, the Syrian capital, telephoned Lebanon's President Camille Chamoun today to assure him of their "good intentions toward Lebanon," which lies between southern Syria and the Mediterranean.

It appeared likely that former President Hachem Bey Attasi, deposed by Shishkely in December 1951 in a bloodless coup, would head up Syria's new government. He is president of the National Assembly.

Two U. S. Destroyers
Given To Chiang Fleet

CHARLESTON, S. C. (AP)—The United States today presented Nationalist China with two destroyers as symbols of America's faith that "China will again prove stronger than the alien intruder."

In a speech for the presentation ceremonies, Asst. Secretary of State Walter S. Robertson said: "We believe these ships will contribute to bringing nearer the day when China will again belong unreservedly to the Chinese."

The ships will join Chiang Kai-shek's fleet in the Straits of Formosa.

House Snoopers Get
\$275,000 For 1954

WASHINGTON (AP)—The House Un-American Activities Committee has a \$275,000 appropriation to finance its activities through 1954. The House voted the money Thursday 362-1. The negative vote was cast by Rep. Wier (D-Minn.).

The total would be appropriated by the Legislature to the schools on the basis of need.

The one-half cent of the sales tax now diverted to cities, villages, and townships on the basis of population would be untouched, Conlin said, except in one respect.

Municipalities would no longer be credited with inmates of state institutions within their borders in the population counts.

The provision drew the opposition of Mayor Glenn V. Allen of Kalamazoo and City Manager A.E. Fellers of Lapeer.

Bill To Buy Windsor Tunnel Doomed To Die In Legislature

LANSING (AP)—A bill to permit the Port of Detroit Commission to buy and operate the Windsor-tunnel today appeared doomed to a neutral death.

The House Marine Affairs committee held a lengthy hearing on the measure Thursday night.

A similar bill died in the Legislature last year.

The Port of Detroit Commission is an agency of the Wayne County Board of Supervisors. The mile-long tunnel now is owned by the Detroit & Windsor Tunnel Co., a private corporation.

Members of the Port Commission have been studying reports which claim it could operate the tunnel at a profit of up to \$50 million between now and 1990, when the tunnel automatically becomes Detroit and Windsor city property without cost.

Bundestag Votes To Arm Germany

BONN (AP)—The West German Bundestag (lower house) today approved constitutional changes authorizing the arming of a half-million German soldiers to serve in the proposed European army.

The vote was 334-144.

The decision represented an important victory for pro-Western Chancellor Konrad Adenauer, who has based his foreign policy on linking West Germany militarily and politically to the West.

Both houses of the Bonn Parliament have approved the treaty but Adenauer's coalition maintained the changes approved today were needed to end a Socialist contention in the West German Supreme Court that the treaty is unconstitutional.

The two constitutional changes charge the federal government with responsibility for defense, authorize compulsory military service and declare specifically that the European Army Treaty and the Allied-West German peace contract do not violate the Constitution.

They now go to the Bundesrat (upper house) where Adenauer's coalition has the necessary two-thirds majority to approve them. Then they must be ratified by the three Western occupation powers—the United States, Britain and France—who already have given tacit approval to the amendments.

By changing the Constitution, Adenauer intends to force the Supreme Court to throw out the Socialist suit challenging the constitutionality of rearmament.

Hearing Postponed In Flint Union Fight Over Buick Plant Job

FLINT (AP)—Circuit Judge Stephen J. Roth has postponed until next Thursday a court fight over which of two AFL unions has the right to move government-owned machinery from two Buick plants.

Judge Roth said he was delaying the case for a week because "We want to avoid using the city of Flint as a guinea pig for a nationwide controversy."

The contestants in the court battle are Local 299 of Detroit's AFL Teamsters and the Flint AFL Building Trades Council.

Carpenter and millwright members of the Council were mainly involved over whether the Council or Teamsters should move the machinery.

Senator Won't Give Ground To Army Secretary

By EDMOND LEBRETON

WASHINGTON (AP)—Backed by President Eisenhower, Secretary of the Army Stevens declared late Thursday he will "never accede to the abuse of Army personnel under any circumstances."

Stevens told newsmen at the White House he had been assured, during a "peace" parley with Sen. McCarthy (R-Wis.) and other republican members of the Senate investigations subcommittee a day earlier, that from now on there would be no "abuse" of Army witnesses.

Statement Called False

Learning of Stevens' statement, McCarthy fired back a retort calling it "completely false." The Wisconsin senator said there had been "absolutely no concession" that anybody had been abused.

Stevens' statement was intended (A) to counter the practically universal impression that he had yielded to McCarthy on the issue of the senator's handling of Army officer witnesses, and (B) to assure any military personnel interrogated in the future of protection against what Stevens had termed "abuse."

James C. Hagerty, the President's press secretary, said Eisenhower approved and endorsed 100 per cent the statement in which Stevens spoke of the "assurances" and also said:

"I shall never accede to the abuse of Army personnel under any circumstances, including committee hearings. I shall never accede to their being brow-beaten or humiliated."

Gen. Zwicker Is Target

The Army secretary apparently referred to the senator's questioning of Brig. Gen. Ralph Zwicker, accompanied by such remarks as one that Zwicker was "unfit" to wear his uniform.

McCarthy Thursday night announced that he would now recall Zwicker and question him about an affidavit the general sent to Stevens about the hearing at which he was questioned. He said he wanted to know whether Zwicker was "mistaken or deliberately trying to misinform" Stevens.

TARGET IN WORD BATTLE — Brig. Gen. Ralph W. Zwicker (above) was described as "unfit" to wear the army uniform by Sen. McCarthy (R-Wis.) who is attempting to track down Communists in military service. The questioning touched off a dispute with Secretary of the Army Stevens, who refused to permit "abuse" of Army personnel.

Trial Of St. Louis Reds Recessed

ST. LOUIS (AP)—The trial of five Communist leaders charged with conspiring to advocate overthrow of the government by force is in recess until March 8.

The recess was called by U.S. District Judge Roy W. Harper after he denied a defense motion for a mistrial Thursday. Judge Harper explained that he would be attending an Eighth Judicial Circuit conference here next week.

Paul Crouch, former Communist party member, is expected to resume his testimony when the trial continues. Crouch, under cross-examination Thursday, testified he may have erred on some dates in his testimony about meeting three of the Communists on trial here.

"I'm not the all-wise guy that Stalin claimed to be," Crouch said after Mrs. Mary Kaufmann, defense attorney, pointed out some discrepancies between direct testimony and cross-examination.

Crouch, now an Immigration and Naturalization Bureau employee, had testified that he met William Sentner, Marcus A. Murphy and James Forest several times in the 1930s. Others on trial here are Forest's wife, Dorothy, and Robert Manewitz.

Legislature Votes To Put Korea Bonus Issue Up To People

LANSING (AP)—The Senate voted today to submit to the people next fall an \$80,000,000 Korean War veterans bonus bond issue.

Negative votes were cast only by Sen. Clyde Geerlings (R-Holland) and Donald W. Gilbert (R-Saginaw).

The latter explained he objected to the fact the measure provides no financing method.

The Senate also approved a bill expanding the State Liquor Control Commission from three to five members and abolishing the liquor hearing examiner board.

LANSING (AP)—An \$80 million bonus for Michigan veterans of the Korean War faced its first vote in the Legislature today.

If approved by the Legislature the measure will go to a vote of the people next fall.

Sen. Carlton H. Morris (R-Kalamazoo) said the three-cents-a-pack cigarette tax passed to finance the \$270 million World War II bonus could be applied on the Korean War program. The latter would be paid off in 1971, he said.

The House has passed a re-evaluation of Michigan's election laws and sent it back to the Senate to see if the Upper Chamber will accept its decision to eliminate a provision re-uniting the State and Presidential ballots.

Rep. Ed Carey (D-Detroit) lost an amendment to require members of local election boards to swear to their party affiliation.

This, he said, would "safeguard the purity of the elections" by insuring the boards actually are bipartisan as the law now requires.

The House defeated a bill broadening the powers of state and local fire marshals to require the approval of county boards of super-

Governor Steps Into Highway Buying Scandal

LANSING (AP)—Gov. Williams has stepped into an already large field of investigators hunting irregularities in State Highway Department land purchases.

So far there have been two firings and one suspension in the state highway department's investigation.

Atty. Gen. Frank G. Millard has a staff of investigators in the field asking questions about right-of-way purchases by the department in Western Michigan.

James Bussard, Ottawa County prosecutor, is conducting his own investigation of land deals in Grand Haven.

May Call Grand Jury

Robert A. Cavanaugh, Muskegon County prosecutor, said he will continue to pursue his investigation although he hasn't ruled out the possibility of a grand jury as the best way to "get at the facts."

Sens. Perry W. Green (R-Grand Rapids) and Clyde Geerlings (R-Holland) have introduced a resolution in the State Legislature asking for an investigation by a committee armed with subpoena powers.

Williams Thursday demanded information on appraisals made and prices paid for highway right-of-way property throughout Michigan for the past decade.

Williams said he wanted information on land purchases for the Edsel Ford and John C. Lodge expressways in Detroit within the next 10 days.

Two More Ousted

The governor said that he also wanted all other right-of-way purchases forwarded to him within the next 30 days.

Charles M. Ziegler, state highway commissioner, charged that the governor was imposing "an inhuman task" on the department. "I don't know where I am going to find the personnel to do this job," he said.

Shortly before Williams made his demands, Ziegler had fired Ronald V. Kennedy, a buyer in the division office at Grand Rapids. He also suspended James M. Kane, head of the division's Lansing offices.

The investigation had earlier resulted in the ouster of G. Palmer Seeley, head right-of-way buyer for the western part of the state in Grand Rapids. Ziegler fired him

Reuther Attacks Labor Aid Bill

LANSING (AP)—Walter P. Reuther, president of the CIO United Auto Workers, Thursday led labor's attack on the Republican-sponsored unemployment compensation bill now before the Legislature.

Reuther cancelled a Congressional committee appearance to attack the Michigan bill.

Sen. James M. Teahen (R-Owosso), the bill sponsor, told witnesses for management and labor the Senate Labor Committee was divided over the bill and had come to no decision on it.

Reuther urged the Legislature to write a bill meeting what he said was President Eisenhower's advice to the states to pay benefits equal to 50 per cent of average wages.

Colin L. Smith, represented the Michigan Manufacturers' Assn. He argued that the President was talking about low benefits in southern states and meant only 50 per cent of take-home pay.

Reuther argued that present benefits are only 30.6 per cent of the average Michigan wage of \$88.90, which does not include \$10 of weekly "fringe" benefits, he said.

The union chief said the President recommended benefits of 60 to 67 per cent of average wages, but the Senate bill provided only 42 per cent.

The bill would increase benefits in most classes \$2 a week, with a new maximum of \$37.

The woodwind and brass instrumental numbers will be finished by noon, and the vocal numbers will be completed by 1 p. m.

To Receive Comment

Adjudicators for the festival are Chet Marrier, John Todd, Richard Lucke, Robert Meyer and Cecil Collins, director of the Escanaba Municipal Band, woodwind, brass and percussion adjudicators; and Mrs. Alice Hartberger, Mrs. Claud LeClerc, Mrs. M. H. Garrard Jr. and Sister Mary Cedella, vocal adjudicators.

They will fill out comment sheets for each solo or ensemble judging tone quality, intonation, interpretation, technique, playing position, selection, accompaniment and general effect. These comments will help each student to improve his selection for the Marquette festival.

The public is invited to attend the local festival, and there is no charge.

SENIOR PLAY SCENERY is receiving its finishing touches by a group of high school girls. The play, "The Man Who Came to Dinner," will be held Monday and Tuesday, March 1 and 2, at 8 p. m. in the William Oliver Memorial

Auditorium. Girls painting the scenery are, left to right, Geraldine Ambeau, Shirley Oman, Lynn Cabanis, Rosemary Hoselle and Carol Gillespie. (Daily Press Photo)

Business Shows Gain Of 11 Per Cent In 1953

By SAM DAWSON

NEW YORK (AP)—American business is turning in an 11 per cent faster report card for its 1953 operations than it did the previous year. The great flood of annual statements is at a peak today. Although many of the giants of American industry are yet to report, the first 438 to issue earnings statements show that almost three out of every four did better in 1953 than in 1952.

For most of them, however, the net profit after taxes in the final three months of the year was below earnings for the third quarter and well below the second quarter's peak profits.

Profits Shrink

Many indicate that they expect a further drop in profits in the present quarter, reflecting the 10 per cent drop in industrial production since last summer. Uncle Sam, however, is going to have much bigger income tax collections next month and in June than he did last spring. The gross earnings of the 438 corporations show a much greater gain over 1952 than do the net profit pictures. The increased tax take on these gross earnings may run as high as three billion dollars. It will be based on the high rates of last year, with the excess profits tax still in force. Corporations will pay 90 per cent of their taxes on 1953 operations in equal portions March 15 and June 15.

Picture May Change

Ten of the companies the survey operated in the red last year, compared with nine the year before. And some of the other reports were badly down. In all, 116 corporations had smaller earnings, or greater losses, than in 1952.

Combined, the net profits of the 438 corporations came to \$5,271,692,847, a gain of 10.8 per cent over the \$4,754,631,735 of the same companies in 1952.

Giants in the oil, motors and electronics fields are yet to be heard from and may change the picture and the percentages.

The 68 utilities in the survey show the best gains as a class, being up 13.6 per cent. The 333 industrials have a gain of 11.9 per cent and the rails pulled ahead by 2.7 per cent.

Coal Hardest Hit

The worst hit of all, in the early

reports, are the coal companies. All four so far reporting show declines from 1952 and combined the four show a net loss for 1953, the only industry to do so. Coal companies are fighting high operating expenses and stiffer competition from oil and natural gas.

Others falling behind a year ago were the farm equipment makers with a drop of 20 per cent, reflecting slowdown of sales as farm income dropped, and the drug companies, off 15 per cent as competition slashed prices.

Although some heavy machinery firms did well, as a whole the group shows a 12.3 per cent drop.

On Opposite Sides

WASHINGTON (AP)—Michigan Sens. Ferguson and Potter, both Republicans were on opposite sides of the fence as the Senate defeated a provision of the constitutional amendment on treaty powers sponsored by Sen. Bricker (R-Ohio). Ferguson voted for the provision and Potter for it. Bricker called the provision the heart of his proposal.

Announces Dates For Hearings Here On Naturalization

Vincent D. Borg, immigration and naturalization investigator from the office of the U. S. Department of Justice at Sault Ste. Marie, will be at the court house in Escanaba on the afternoon of Monday, March 1 and morning of Tuesday, March 2, to conduct hearings on applications for citizenship.

Slated to appear at the hearings Monday afternoon are: Elie P. DeDriver, Mrs. Winifred M. Terrian, Mrs. J. I. Casey, Mrs. Victoria A. Mayerezyk and Wesley Roshorn, who have filed petitions; John A. Lundborg, derivative hearing; Mr. and Mrs. Charles Gessner and Mr. and Mrs. Erick Anderson, deposition statements.

Appearing Tuesday morning are William A. Hominger, Mrs. Agnes Perry and William J. Makela, file petitions; Emil J. Raspor and Mrs. Ruth Erickson, information.

These people have all been notified by the department office, the investigator announces. Should others desire information or assistance they may appear at the hearings without appointment.

Colder Weather Aids Ice Revue

As if in answer to hopes that Escanaba's Ice Revue would continue the weather took a chilly turn yesterday and this morning. Escanaba and vicinity was, with the exception of high mountain areas, the coldest spot in the U. S. A.

The weather bureau thermometer registered 6 above at 7 a. m. several outlying areas unofficially report as low as 2 below.

This is in sharp contrast with recordings in other points of the area. Marquette had a low of 20. Sault Ste. Marie, 22, Alpena 16, Park Falls, Wis. 21 and Green Bay 12.

International Falls and Bemidji, Minn., often the country's coldest spots had temperatures well up in the 20s.

Today's "nice" freezing weather is due to continue for at least another day, says S. E. Decker, local weather observer. Snow flurries are forecast for tonight and a low of 20 is likely for tomorrow morning although it may warm up considerably during the day.

A disturbance moving eastward across southern Canada is bringing rising temperatures to the upper Great Lakes region today. A new storm is developing in Wyoming this morning and rain and snow is falling in the northern Rocky Mountain area. Mild temperatures and fair weather is the rule along the Pacific coast and over the southern Rockies.

Yesterday afternoon high temperatures ranged from the 30s along the east half of the Canadian border to the 80s along the Mexican border. Las Vegas, Nevada equalled its all time February high of 80, while Laredo, Tex. temperature rose to 90 and Thermal, California to 93.

Air Forces Academy Bill Wins Approval

WASHINGTON (AP)—The Senate Armed Services Committee Thursday approved a House-passed bill to set up an Air Force academy, but with some additional provisions.

One would allow 12½ per cent of the graduates of all three service academies to switch over to other branches of service. Another would require the secretary of the Air Force to accept an advisory commission's choice of a site, if the commission picked one unanimously.

Strike Aftermath At Iron Mountain To Go To Court

IRON MOUNTAIN—Postponed last week, the special term of circuit court for contempt hearings placed against 17 members of the UAW-CIO union will be held here on April 5, it is announced by County Clerk Frank Borla.

The new date was set by Circuit Judge Edward H. Fenlon and the papers authorized the April 5 court session were filed this week by Eugene Townsend, assistant attorney general.

Last week, Judge Fenlon postponed the court term and remanded the contempt cases to Judge Glenn W. Jackson, who is recuperating from illness in Florida. No new date was announced at that time.

Judge Jackson issued the original injunction which ordered the CIO pickets from obstructing railway and public road traffic during the long Kingsford Chemical company strike. The contempt cases, involving 17 union members, are based on violations of the injunction issued on Aug. 14 last year.

Meanwhile, dismissal of the contempt charges have been asked in petitions filed by Michael DeFant, of Negaunee, attorney for the union. The Negaunee attorney asks dismissal of charges against all 17 men on grounds that the injunction was not violated.

Auto Ice Sled Being Tested By Conservation Men

MENOMINEE, Mich.—Menominee County Conservation officers are experimenting with a new amphibious aero-powered ice sled which is being used by the department for checking commercial ice fishing operations.

The sled was used on Green Bay ice for the last two days with Officers Herbert Lees of Menominee, and Clarence Lienna and Ernest Sharon of Stephenson at the controls.

Built at Gaylord, Mich., the sled was shipped to the Green Bay area for trial. Menominee officers said it performed well. It was put in at Kleinkne Park this morning and a run was made to Chambers Island and return. The sled is a flat bottom boat with runners. It has an open cockpit and is powered by an 85 horsepower airplane motor with a propeller which pushes the sled over the ice at speeds up to 60 miles an hour. It is steered by twin rudders.

"We found the sled especially helpful where there are cracks and slushy spots in the ice," Lees said. "Propeller powered, it can skim across wet spots on runners or in the water."

The sled is expected to replace a jeep previously used by officers in checking commercial ice fishing.

Dog Dies At 27

MONROE, Mich. (AP)—If Lucky Lindy had been human instead of a fox terrier, she would have died at the age of 189.

One year of a dog's life, it is said, corresponds to seven of man's. Lindy was 27 at death. She was named by her owner, Mrs. John Rupp, after Charles A. Lindbergh, who landed his Spirit of St. Louis in Paris May 21, 1927, the day the dog was born.

Cost Of Living Up Near Record

WASHINGTON (AP)—The government reported today living costs rose in January to a point just below the record.

The rise was too small, however, to prevent workers in the auto, aircraft and farm machinery industries from losing a penny in hourly pay rates. More than a million workers were involved.

These workers got a two cent increase last fall when the government index hit its peak of 115.4 per cent of the 1947-49 average in October.

Today's rise brought the index to 115.2, the same figure as last September. The index had declined slightly in November and December.

Today's index, reflecting prices paid by consumers in mid-January, is the highest living cost figure in history with the exception of last October.

Crippled Deaf Mute Boy, 8, Lost 10 Hours

OKEMAH, Okla. (AP)—An 8-year-old boy, crippled, partially deaf and unable to speak, was found whimpering early today on a creek bank after being lost from his father 10 hours.

Nearly 400 volunteers, including a National Guard unit from Okemah, had been searching with bloodhounds for the youngster. Larry Walker. They had feared he might have fallen into the deep Fork River and drowned.

His father, Parr Walker, and two volunteers came upon him 1½ miles from the spot where he disappeared Thursday while his father was picking pecans.

Theodore Roosevelt was the youngest man ever to become President of the United States, being 42 when he first took office.

Mental Health Series To Open Here On Monday

A Mental Health Series will be presented to the public of Escanaba and the surrounding communities starting Monday, March 1. The Escanaba Adult Education program, the Delta County Medical Association Auxiliary, the Delta County Mental Health committee and the Michigan State Mental Health Department are the sponsors of the program.

The series will be held in Room 260 of Escanaba Junior High School starting at 7:30 p. m.

The program will consist of five meetings to be held the five Mondays of March. The series will open with a film entitled "It's a Big Problem." This movie is a new colored film depicting our Michigan state hospitals and child guidance clinics. Miss Irene White, director of the social service department of Newberry State Hospital, will lead the discussion after the film is shown, and will elaborate on any questions that may arise.

On March 8, Wallace Watt of the State Mental Health Department, will speak on "The Changing Family," after which he will lead a discussion on that subject.

The sociodrama, "The Case of the Missing Handshake," will be presented March 15 by students of Escanaba Senior High School. Miss Phoebe Anderson of the Delta-Menominee County Health Department, will lead a discussion on questions that arise from the play.

The problems of old age will be presented by Mrs. John Walch March 22.

The last program of the series will be held March 29, with the presentation of the movie "The High Wall." This film depicts the growth of prejudice in a young person. There will be a discussion after the film led by George Ruwitch.

Register Tonight For City Election

Escanaba citizens who are not registered as voters for the April 5 city elections may do so tonight between the hours of 7 and 9 at one of three "registration stations" in downtown Escanaba established by the League of Women Voters.

The registration service is a project of the League to bring additional registrations and assure, so far as possible, that more citizens exercise their franchise.

The stations, operated by League of Women Voters members with City Clerk George Harvey cooperating, will be located at the Home Supply, Lauermans and the Penney Store.

Only the registrations of Escanaba residents will be accepted.

Persons who voted in the presidential election of November, 1952, are already registered and will not be required to register again. Citizens who have changed their address since the last election are asked to telephone the office of the city clerk, 1866.

The League of Women Voters will repeat the registration service program again on Friday, March 5—the next "shopping night."

Church Services To Launch Ishpeming Centennial Fete

ISHPEMING — Ishpeming Centennial activities will open on a religious note Sunday, July 25, when Catholic churches of the city will combine to hold a Pontifical high mass and Protestant churches join for an evening service.

The day, known as Centennial Religious Dedication Day, will open in the morning with Centennial observances in all churches. The theme will be "One Hundred Years of Religious Endeavor in Ishpeming."

The Centennial religious division is under the direction of Msgr. George Dingfelder, of St. John's Catholic church, and the Rev. Wayne Peterson, of the Bethany Lutheran church.

Officiating at the Catholic mass will be the Most Rev. Thomas L. Noa, D.D., Bishop of Marquette. He will be assisted by local and neighboring priests. The tentative time for the Pontifical high mass has been set at either 11 or 11:30 a. m. Sunday.

The Centennial of Sabbaths, the evening program, will be an all faith religious observance with music by a massed choir from all Protestant churches in the area. This choir will have several hundred members and will place emphasis on church music. Several of the local clergymen will take part in the program. However, a nationally known speaker will be invited to attend to deliver the main address of the evening.

Ice Varieties Well Received

Perfect ice conditions gave added confidence to performers as the "Ice Varieties of 1954" resumed last night after having been postponed for a week, as they executed their skillful leaps and spins before the audience.

Every number of the production, "Biggest Small Town Ice Show in the World," under the direction of co-directors, Bob Schwalbach and Jeannette Le-Captain, was artfully iced with a professional air.

Beginning with the opening number featuring Jeannette Le-Captain until the closing number, "Queen's Ballroom," featuring Carolyn Johnson and Bob Schwalbach, the audience was captivated.

Jeanne Groos, who skated with the "Ice Follies" last night pleased the crowd at the indoor rink with her charming number. She will continue to skate through Sunday afternoon.

Tickets for the ice revue are on sale at Gust Asp's, 616 Ludington St., and at West End Drug Store, 1221 Ludington St.

The show will go on as planned over the weekend if the weather remains cold. The ice revue will be held tonight and Saturday beginning at 8:15 p. m. and Sunday afternoon at 2:15 p. m.

If any person has a reserved ice revue ticket, which originally was for Friday and Saturday evening or Sunday afternoon of last week, the ticket will be honored at the door over the weekend.

Prisoners Pardoned

VIENNA, Austria — Most anti-Communist political prisoners jailed by the Reds in Bulgaria have been pardoned, Bulgarian Premier Vuko Chervenkov said in a broadcast speech Thursday night. Ruler Of Elks Visits Peninsula

Elks from 14 lodges of the Upper Peninsula will gather at Iron Mountain over the weekend to greet Earl E. James of Oklahoma City, Okla., grand exalted ruler of the B. P. O. E. James will arrive in Iron Mountain Sunday night to attend a convention of the Upper Peninsula Association of Elks, and will be present at a 11 p. m. buffet and club mixer at the Elks clubrooms. He will be guest of honor at a noon luncheon opening Monday's program of activities.

Exemplification of lodge ritual work will begin at 3 p. m. Monday, with representatives of various Peninsula lodges taking part. A 7 p. m. dinner for the grand exalted ruler will be held at the Riverside Club, where he will give the principal address. Music will be by the Ishpeming Elks choir and the Iron Mountain Men of Distinction quartet.

James, 52-year-old Oklahoma City attorney, was elected grand exalted ruler of the Elks at the 89th grand lodge convention of the order at St. Louis in July, 1953. He is the 77th grand exalted ruler and the first Oklahoman to hold that office.

An Elk since 1924, James has held many high posts in the grand lodge. From 1946 to 1952 he served on the grand lodge committee on judiciary, the last four years as chairman, during which period he compiled and annotated the statutes of the order.

He served as district deputy grand exalted ruler in 1944 and was reappointed in 1945.

Legislature Should Not Meddle Into Affairs Of Municipalities

THE cause of true democracy suffers a distressing blow everytime the Legislature meddles into municipal affairs that are distinctly no business of state lawmakers.

Unfortunately, this happens at virtually every legislative session and it is happening again in the present session.

The hassle this time is over a bill designed to limit the work week of firemen to 63 1-2 hours. It suffered a narrow defeat yesterday but is scheduled to come up again.

The argument is not so much whether

Words, Wit & Wisdom

By William Morris

From Dousman, Wisconsin, comes an interesting query:

"A question has arisen in our Woman's Club work. In our Collect, which was written by Mary Stewart, the closing words are 'and, O Lord God, let us forget not to be kind.'"

"Should the wording be 'let us forget not to be kind' or should it be 'let us not forget to be kind'?"

The interest of these closing words is, of course, that we must not forget to be kind. In religious writing especially in invocations intended to be read on solemn occasions, authors often consciously or unconsciously adopt a formal "Biblical" style of expression. An obvious influence on such writers would be phrases like this from The Lord's Prayer, "Lead us not into temptation . . ." This, I believe, is the reason for the transposition of "not" to the position following the verb "forget." I should suggest that your club follow the original text but allow a very short pause after the word "not." Thereby you will make it clear that "not" refers to "forget"—not to "to be kind."

Mrs. G. E. Jackson of Savannah, Georgia, has a pair of interesting queries:

"Will you please settle an argument that has been going on for years? A friend of mine says it is correct to say 'the plate is broke' that this is the exception to the rule, and I say you should say 'the plate is broken.' Also, is it correct to say 'I dreamed' as well as 'I dreamt'?"

Your friend would never find a language authority to agree that "The plate is broke" is good English—not, that is, unless she could find an Elizabethan to spouse her cause. While it's perfectly true that "broke" was accepted as the past participle of "break" a few centuries ago, it is now labeled "archaic, though occasionally heard in colloquial speech."

"Dreamed" is perfectly good English. In today than "dreamt," fact, it probably is more commonly used.

Questions and Answers

Q—How can I contact my Senators and Congressman now that Congress is back in session?

A—A letter or telegram may be addressed to him at the Senate (or House) office Building, Washington, 25, D. C. He may also be reached by telephone by calling National-8-3120 in Washington, and asking for his office. If he is not in his office, his secretary may have the call transferred to his committee if he is attending a meeting, or to the Republican or Democratic cloakrooms if he is "on the floor" of the Senate or House.

Q—I've read that some Senators may "filibuster" against a House-approved bill to grant statehood to the Territory of Hawaii. Just what is a filibuster?

A—A filibuster is the deliberate use of unlimited debate in the U. S. Senate with a view toward delaying or preventing action on a measure under consideration. The rules under which the House considers legislation make any extended filibuster unlikely in that chamber. Originally, the term meant buccaneer, plunderer or pirate, but later came to describe obstructionist tactics in U. S. legislative bodies.

The Doctor Says . . .

Some Heart Malformations

Can Be Treated With Surgery

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Mrs. B. asks whether there is anything which can be done for babies born with congenital heart disease. She says one hears of so many who have died, or at best will have to live as invalids.

This is indeed an interesting subject. First, it should be said that there are several different kinds of malformations of the heart which are present at birth, and which fall under the general classification of congenital heart disease. Most of these result in mixing of oxygen-containing blood with that which has been deprived of its life-giving oxygen, and which results in "blue babies." The bluish color of the skin which gives it this name is the result of lack of oxygen attached to the hemoglobin, or coloring matter of the blood.

The various kinds of congenital heart disease carry such technical names as coarctation of the aorta, tetralogy of Fallot, and pulmonary stenosis with intact ventricular septum. But it does make a difference to the patient because some kinds can now be successfully treated by surgery and others cannot.

In one of these conditions the passage-way between the heart and one of the large blood vessels, which should normally close

before birth, fails to do so. This is called a patent or open ductus arteriosus. This opening can now be closed by dedicated heart surgery with great success.

SURGERY SOMETIMES USED

Some of the other congenital malformations of the heart can also be treated successfully by surgery, but not all of them. For this reason careful study of each case has to be conducted in order to make a diagnosis and to decide if surgery offers relief. Even with the progress in this field in recent years, the end has not yet been reached since investigators are still finding new methods by which they can extend the benefits of heart surgery to more and more people.

For the child with congenital heart disease who cannot be successfully treated by surgery, certain precautions are particularly necessary. Such children must, of course, be carefully examined and every effort must be made to avoid infection and excessive physical strain. In almost all cases the activity must be restricted in order to avoid the danger of overburdening a heart which already has too much strain on it.

Merry-Go-Round

By DREW FEARSON

WASHINGTON—Before President Eisenhower sent his economic message to Congress an important debate took place among White House advisers as to whether it should include two remedies for recession. These were:

1. Tax relief in order to stimulate retail trade and business expansion.
2. A public works program to take up the slack resulting from reduced defense orders.

The President's economic advisers wanted such a program spelled out in black and white in the message to Congress. But the public relations advisers (Democrats call them "hucksters") were opposed. They argued that too much emphasis on the recession by the President would create a bad psychological reaction and only increase the recession.

Some also pointed out that if the Democrats were going to be accused of talking us into a recession—as Presidential Assistant Sherman Adams did shortly thereafter—it was poor strategy for the President to give them any ammunition.

So the public relations advisers triumphed over the economic advisers and the economic message went to Congress without these two recession remedies.

HERBERT HOOVER'S LESSON

Since then the President has disclosed one of the remedies at a press conference—namely tax reduction. However, there remains considerable worry among Presidential advisers as to how long they should let the business down turn drift without taking definite action.

Some of Ike's friends on Capitol Hill remember all too vividly the mistake Herbert Hoover made in talking about "prosperity just around the corner" at a time when he was being urged to act rather than talk about the depression.

Among Hoover's advisers at that time were Walter Gifford, head of American Telegraph, who was put in charge of unemployment relief; Colonel Arthur Woods, former police commissioner of New York, and Eugene Meyer, former governor of the Federal Reserve Board and head of the RFC. All urged that he act vigorously, and Meyer advised constructive financial steps in Europe long before the depression clouds got serious.

Hoover, however, did not act—with the resultant economic catastrophe now all too well remembered.

Remembering this, some of the Ike advisers on Capitol Hill urge that he not make the same mistake.

Note—Ex-President Hoover stated again this week that he expected no great depression, and that he considered himself an expert on such things.

DEPRESSION D-DAY

Inside fact is the White House has now fixed two warning signals as D-Day for depression. When those signals approach, the White House advisers are ready to advise the President to begin tax cutting and pump priming.

The two D-Day signals are:

1. When unemployment reaches the 4,000,000 mark. Since some estimates now put the figure at 3,500,000, this may not be far away.
2. When the production index drops to 14 per cent. At present it's dropped only to 9 per cent.

Meanwhile, Secretary of the Treasury George Humphrey, Secretary of Defense Charles E. Wilson and other big business members of the cabinet are urging their friends in private industry that this is the time to pump private capital into the economy and show that they have confidence in the capitalist system. Wilson's old firm, General Motors, stepped forward as the pelfwelter by announcing a billion-dollar expansion program. It is hoped that others will follow suit.

Word has been passed out that now is the time for all good businessmen to come to the aid of the party and show that they do not have to fall back on government spending.

AIR FORCE OIL MAN

A big oil executive who recently sold gasoline to the Air Force has now been given the job of buying gasoline for the Air Force.

He is W. W. White, vice president of Esso, who while working for that company negotiated a \$30,000,000 agreement last year to sell aviation gas to the Air Force overseas. The agreement has been whittled down to \$24,300,000 but it still constitutes about two-thirds of all aviation gas that will be used by the Air Force overseas during the current fiscal year.

Now White will walk round to the other side of the table and purchase gasoline for the Air Force. White is not giving up his holdings in Esso, as Secretary of Defense Wilson did in General Motors. In fact he will return to Esso after one year.

White was required to appear before Secretary of Defense Charles Wilson and agree that he would not favor his own company in handling petroleum contracts, after which Wilson told the Air Force he was satisfied White's holdings would not influence his decisions.

In fairness to the Air Force it should be noted that it is hard to get men experienced in this field, and the only field from which they can be secured is the oil industry. Therefore, no matter whom the Air Force picks, he is bound to have a conflicting interest.

How Do You Spell Frustration?

Airborne West Point Academy Can't Find A Place To Land

By DOUGLAS LARSEN

NEA Staff Correspondent

WASHINGTON—(NEA)—The new Air Force Academy is going to be an airborne replica of West Point. Trouble is, it doesn't have a place to land.

Ever since the Air Force has been independent, Defense Department officials and congressmen have agreed that it should have its own equivalent of Annapolis and West Point.

The bug has been getting anyone to agree where it should be located. Even President Eisenhower admitted the other day he had his private conviction where it should be—which he is keeping private.

There has been so much tugging by congressmen to get the AF Academy in their districts that they've overlooked approving it. Now the plan is to authorize its establishment and let a special commission appointed by the Secretary of the Air Force decide where to build it.

Everyone connected with the project is so confident this will work they're predicting the first class will be graduated in 1959.

According to present plans the basic course will be four years, there will be an honor system like West Point's, the bulk of appointments will be made by congress, graduates will receive regular commissions and pay and allowances will be the same as in the other service schools.

"In establishing and operating the Air Force Academy we look for much of our guidance to the two existing academies, leaning heavily on West Point," explains Lt. Gen. Hubert R. Harmon, a West Point grad himself who came out of retirement to work on the school project.

"However," Gen. Harmon says, "we do not intend to follow the concepts and procedures of the other schools blindly because we propose that our graduates shall be air-faring men in the fullest sense; air-minded and thoroughly indoctrinated in all aspects of air operations."

There's still doubt as to whether intercollegiate football should be allowed to become as major an activity as it is in the other academies. But most AF generals agree that they wouldn't want it to look like their cadets were afraid to meet the other two schools on the gridiron.

There will be far less emphasis on drills, with just the rudiments of infantry tactics taught. Instead the students will work in and around aircraft constantly. They will begin flying immediately. But they will not get pilot training until their senior year. Then each cadet will get at least 50 hours of flight instruction in the air.

The curriculum has already been set by a special group of civilian educators and Air Force officers. Gen. Harmon explains:

"The first two years are devoted to the tools of the trade: mathematics, chemistry and physics. The third year we go into mechanics, materials and electrical engineering. In the senior years we teach thermodynamics, jet propulsion, aerodynamics and aircraft design."

Graduates will not get aeronautical engineering degrees. They will be given many social sciences courses. Compared to the 2400 total hours of time on technical subjects required of graduates of Massachusetts Institute of Technology, for instance, the AF Academy will require only 1600

hours. But this will qualify selected graduates to enter civilian technical schools for degrees later.

If Congress authorizes the Academy this year, it is expected that preparatory steps will take about 12 months. Then the first class will be assembled to start studies in July, 1955, at an interim site not yet agreed upon. A second class would be started in July, 1956. By July of 1957 construction on the permanent site should be far enough along for the third class to enter there.

The first class is expected to have close to 200 students. Eventually classes will average 600 men. That is expected to supply just about half of all new regular officers commissioned each year. The rest will come from ROTC programs and other channels which already exist.

When the first classes begin to graduate it will also put an end to the Air Force getting a quota of the graduates of West Point and Annapolis.

Estimates of what the Air Force Academy will cost have varied. Those closest to it think that \$145 million is about the right figure.

Now that everyone agrees to shoot for authorization before location, nobody is speculating on where the site should be. The one

thing they do admit, however, is that a major factor to be considered is the existence of maximum good flying weather.

Highbrow Jukebox Keeps Bums Away

ALBERT LUXENBURG AND JUKE BOX: From "La Tosca," \$300.

By JAMES FLOWERS

CLEVELAND—(NEA)—There's a fabulous place here where all the "longhairs" hang out.

It's a tavern operated by a big, gruff, opera-loving character named Albert "Luxie" Luxenburg. His customers come from miles around to play the juke box because all 104 numbers are classical—mostly arias from operas.

The place is thick with atmosphere. An oil painting of Carmen graces one wall, and directly over the bar hangs a huge oil of Prince Igor from Borodin's opera. Fresh flowers are everywhere—just like an opening night.

When "Luxie" opened the spot 18 years ago he wanted a way to keep assorted bums and "crummy ones" out. So, he installed a bouncer he dearly loves—a juke box with high-brow music.

It's worked beautifully, too," he says. "Occasionally we get an eccentric who wanders over to the box in search of something by that Johnny Ray or those Hill-toppers. Oughta see his jaw drop when he sees the selections. But before he can say anything I tell him if he doesn't like it I feel sorry for him. Real sorry."

If the guy leaves in a huff the proprietor simply shrugs, turns to the other contented people and says, "good riddance." But if he lingers a while "Luxie" sort of swells with pride as if he has converted a person to some mystic faith.

Luxenburg's favorite on the juke box is "Stars Were Shining Bright" from Puccini's "La Tosca." "My mother took me to hear this opera when I was seven years old," he says. "I've loved it ever since. It's wonderful."

The customers seem to like this number, too, because in eight years time this record alone made \$300 profit for the juke box. Its a good bet, too, that some of the profit was "Luxie's" own money.

There's always a congenial group at the place quietly soaking up Beethoven with bourbon or Bach with beer. Most of them drop in often and listen to their favorite music.

"They're music lovers all right," says the cultured barkeep. "If they weren't they wouldn't pay 10 cents a selection. And when they drop in a quarter they get three numbers. Whatta bargain! Where else could they hear such beautiful music so cheap?"

OUT OF THE MAPLE—February is the month of the "Maple Moon" according to Indian legend. Ceremonial dances were held among the tribes from Vermont to Wisconsin—that northern timber belt where maple forests provided a source of the sweet natural sugar with a flavor that cannot be compared with anything else this side of heaven.

Maple sugar and maple syrup are contributions of the American Indian to the sweet tooth of the world. The Indian's offering has been readily accepted and is now a delicacy esteemed by all races.

Northern Michigan hardwood forests produce their share of the sweet product for the market. The early white settlers took up the "sugar bush" production where the Indian left off, and today's product is finer in quality than ever before—thanks to strict regulation by the state.

CHANGING TIMES—Maple sugar is as American as turkey, corn on the cob, or squash pie. All of these dishes, incidentally, were from native game or vegetables known to the Indians.

Maple sugaring has changed materially from the days when the Indians slashed the trees, collected the "tree water" in bark buckets, emptied it into crude receptacles, and boiled it by repeatedly dropping in hot stones.

One thing is unchanged—the flow season of sap from the trees lasts from nine to 50 days, depending on the weather. Warm sunny days, followed by cold frosty nights, generates the most copious flow of sap.

OF MANY USES—Today's Americans think of maple syrup as the principal form of the sweetness that comes from a tree.

Yet it is also made into delicious candies, into sugar, is used for flavoring, and in some old recipes appears as the principal ingredient in a drink that included rum and hot water.

The Indians used the syrup and sugar in many ways. One was a kind of "K-ration" that combined syrup with an equal quantity of corn meal. This was formed into little cakes which were light and nourishing during the long trips.

Sometimes the Indians put syrup or sugar in stews and over roasts of meat adding a flavor that might not be appreciated by white man's taste.

CLIMATE FACTOR—According to Indian legend, the discovery that sweet maple sap could be "sugared down" by boiling came about quite by accident.

An Indian squaw, not having a filled water container at hand, poured maple sap (sweet water) from the tree, into the pot in which she was cooking some meat.

When the meat was cooked, there was also a thick residue of brownish syrup in the bottom of pot. She sampled this and found it deliciously sweet—and so maple syrup was discovered.

Sugar maple forests are found almost exclusively in northern and northeastern America, and "sugaring" is encouraged by the climate—severe winters, deep freezing of the soil, heavy blankets of ice or snow, and extreme differences between day and night temperatures.

Among sugar trees the maple is king. Best kinds for sugar production are the hard or sugar maple and the black maple.

COMMERCIAL ASPECT—Stands of sugar maple are located in the Great Lakes area, the St. Lawrence valley, and New England. In those regions, "sugaring" is particularly profitable.

Times and methods have changed considerably since the Indians slashed the tree bark, caught the sap in bark buckets, and boiled it with hot stones.

The white man refined the sugar making process. Angerholes came to be used instead of slashes. Metal spouts are now run from holes to tin or iron buckets. A tractor or team pulls a one-bob sled carrying a metal tank into which the buckets are emptied.

Sweetness of sap depends on the amount of sugar, starch and other carbohydrates collected in the leaves during the growing season and stored in the wood, bark, roots and trunk and branches.

Then in the spring when conditions are right the flow of sap begins—and with it the work of collection and boiling down. Hours of boiling are required, for the sap is 95 per cent water.

School Experiences Of Parents Affect Child

WASHINGTON, D. C. — Children are chips off the old block. As they enter school they may carry that chip on their shoulders if their parents disliked school. If their dads and mothers found school a pleasant adventure the youngsters are likely to do so too.

The observation is made in a 308-page report released here today by the Association for Supervision and Curriculum Development (ASCD), a department of the National Education Association. The study, which has been in preparation over a three-year period, is entitled, Creating a Good Environment for Learning.

Supervisors and directors of school curriculums urge parents to send their children to school with a sense of happy anticipation.

STALLING TIME IS HERE AGAIN!

...but not if you switch to the modern gasoline that prevents stalling...

STANDARD PREMIUM with DE-ICER additive

DON'T LET CARBURETOR ICE TAKE THE FUN OUT OF AUTOMATIC SHIFTING. The worst possible time for cold-motor stalling is when the weather is damp and cool and temperatures range between 28° and 58°. That's when rapid evaporation of gasoline chills your carburetor and freezes moisture condensed there. This cold engine stalling can take all the fun out of automatic shifting because after stalling you need to shift by hand back into neutral before you can re-start.

But as millions of car owners know Standard scientists have whipped this nuisance by blending into STANDARD WHITE CROWN Premium Gasoline a costly DE-ICER additive that prevents the formation of carburetor ice that can stall your car. No matter what kind of shift you have you'll enjoy Standard Premium's stall-free performance. Fill up today.

You can't buy a more powerful gasoline. Try a tankful today!

You expect more from STANDARD and get it!

Rebels Give Up Fight In Laos

By MAX CLOS

SAIGON, Indochina (AP) — The French command said today Vietnamese rebels have abandoned their month-long offensive against the Laotian capital of Luang Prabang and are pulling back into the jungles to the north under heavy air attack.

The crack Communist-led division 308, which had threatened the little royal seat of temples and straw huts, suffered heavy losses in its campaign, the French said. The Vietnamese first started the pull-back last Tuesday, when they lifted the siege of the beleaguered fortress of Muong Sai, 55 miles northwest of Luang Prabang. Even then, the attackers of the royal capital were withdrawing up the Bac River valley. The French said today the enemy division had retreated northward 75 miles from Luang Prabang.

It was the second time the Vietnamese had staged a lightning assault on Laos, cutting across it and threatening the borders of Burma and Thailand. And it was the second time they had pulled back hastily without engaging in a single major battle.

Both campaigns were seen as intended more for political purposes than military. Luang Prabang has little or no strategic value, nor does the kingdom of Laos as a whole, the little sister in the associated states of Indochina along with Viet Nam and Cambodia.

Circuit Court Term Ended Thursday P. M.

Completion of the case of Bella Barras vs. Talbak Koch, involving a misunderstanding over a real estate deal, brought an end to the February term of Delta County Circuit court.

Barras and Koch had made a verbal agreement when making the deal and the dispute over what had been agreed upon finally found its way to court. Presiding Judge R. W. Nebel found in favor of the plaintiff and ordered judgment against Koch for \$252.52.

Other cases in the two-day recessed session of court were divorce actions.

Closing Of Consulate In Detroit Approved By Polish-Americans

DETROIT (AP)—Leaders of Polish-American groups in Detroit expressed strong approval today of the State Department order closing the Polish consulate in Detroit.

Similar consulates in Chicago and New York also were ordered closed "within a reasonable period."

Polish-American groups had contended the Polish consulates were the centers of Communist propaganda.

Benjamin C. Stanczyk, president of the Central Citizens Committee which represents 200 Polish groups, said, "It is a step in the right direction."

The Polish consul-general in Detroit, Zygmunt Krawczyk, refused to comment on the closing.

Judge Rules Out Big Attorneys' Fees In Kaiser-Frazer Case

DETROIT (AP)—Federal Judge Frank A. Picard told 15 attorneys their request for some \$1,750,000 in a Kaiser-Frazer stockholders case was "exorbitant."

"You're not going to get those kinds of fees out of this court," the judge said Thursday.

Largest single request was for \$1,250,000 from a Chicago firm.

Picard told attorneys he will study on "fair and honorable" settlement requests in St. Mary's hospital, Saginaw, which he is to enter Sunday for a gall bladder operation.

Barbara Newhouse, James L. Popour Wed At Nahma

NAHMA — Gladiolus in pastel shades graced the altar of St. Andrew's Church in Nahma for the wedding of Miss Barbara Newhouse, daughter of Peter Newhouse, and James L. Popour, son of Mr. and Mrs. Fred Popour Sr., at 9 a. m. February 20.

The vows were spoken in a double ring ceremony solemnized by Rev. John Ryan. The music for the service was sung by the church choir accompanied by Mrs. Reginald Hebert, organist.

Bride In White Satin
The bride, who was given in marriage by her father, wore a white satin gown styled with a fitted bodice, a net yoke and long sleeves tapering at the wrist. Lace ruffles extended over the front of the full skirt which ended in a court train. Her fingertip veil of illusion net was caught to a crown. She carried a bouquet of white carnations and red roses.

For her only attendant, the bride chose a close friend, Miss Margaret Gereau of Green Bay. The maid of honor wore a full length gown of lilac net over tulle with a short jacket and matching headpiece. She carried a bouquet of carnations and gladiolus.

Best man for the bridegroom was his brother, Duane Popour.

Reception At Civic Center
Mrs. Popour attended her son's wedding attired in a black suit with matching accessories and a corsage of carnations and roses.

Breakfast for the immediate families was served at the home of the bridegroom's parents. A reception was held at the Civic Center from 4 to 6 p. m. Centering the buffet table at the reception were three tiered wedding cake, Mrs. Amos Ritter poured.

After a short wedding trip, the newlyweds will make their home in Nahma. Both were members of the 1953 graduating class from Nahma High School.

Guests At Wedding
Out-of-town wedding guests were Mr. and Mrs. Alpha Benette, Jerry Juneau, Fritz and Margaret Gereau and Mrs. John Byrne, Green Bay; Mr. and Mrs. James Roddy and family, Mrs. Betty Juneau and Mrs. Petra Olson and son, Arne, Gladstone; Mr. and Mrs. Wilfred Willette, Mrs. Abe Viaw, Mrs. Don Berget and Carolyn Seifick, Escanaba; Mr. and Mrs. Al Hescott and son, Ronnie, and Mr. and Mrs. Peter Newhouse, Marquette; Mr. and Mrs. Ernest Demers and Nais Popour, Manistique; Miss Betty Jarvis, Lake Linden; Dick Kauffman and Dale Latulip, Garden, and Kathleen Hebert of Chicago.

blast, Stevens sent word he had no further comment.

After a luncheon meeting Wednesday of Stevens, McCarthy and other committee members, a "peace agreement" was made public in Stevens' presence. It provided that Zwicker would be available for questioning and that the persons McCarthy wanted to question about a reserve officer's case would also be available.

The agreement was silent as to guarantees about future handling of Army witnesses.

Cause In Background
Stevens was described by associates Thursday as shocked and anxious at the general interpretation put on the agreement that he had struck his colors to McCarthy—and at the effect on service morale.

Pushed far into the background was the original cause of the whole controversy, the case of a former major, Dr. Irving Peress, now a dentist in New York. Peress has called McCarthy's charges against him "sheer nonsense."

McCarthy said Thursday he intends to go ahead with his investigation of why Peress was promoted and given an honorable discharge although he refused on grounds of possible self-incrimination to answer questions about membership in subversive organizations.

Wall Street

NEW YORK (AP)—Stocks climbed today in a fairly active market with General Electric providing the big feature with a stock split. Gains went to around three points at the most. The greatest number of changes were in a fractional range.

The pace of trading was well ahead of Thursday's 1,470,000 shares with the biggest part of trading enthusiasm built up on the rise.

General Electric directors proposed a three-for-one split of the common stock which raced ahead three points to a new high of 99 1/2 within a short time. Directors also declared a \$1 dividend, the same as previously paid quarterly.

Among higher stocks were Union Oil of California and U. S. Rubber (both of which reported increased earnings), North American Aviation, following a dividend increase, Boeing Douglas Aircraft, Philco, U. S. Steel, General Motors, New York Central, American Telephone (at a new high), and Sinclair Oil.

U. S. government securities were steady.

Women's Activities

Miss Paula Flath Will Be Bride Of Edward W. Hurley

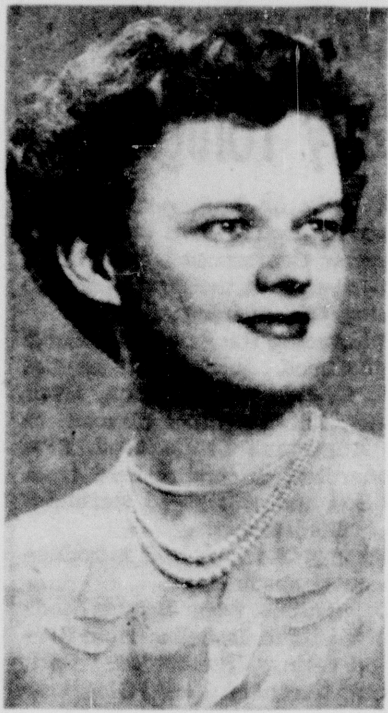

St. Stephen's Episcopal Church will be the setting for the wedding tomorrow of Miss Paula Anne Flath, daughter of Mr. and Mrs. Richard O. Flath of 504 S. 5th St., and Edward William Hurley. A reception at the Dells Supper Club will follow the ceremony.

The double ring candlelight service will take place at 2 p. m. at St. Stephen's Episcopal Church. The vows will be repeated after the Very Rev. Joseph S. Dickson, rector of St. Stephen's.

The bride will have her cousin, Miss Carolyn Johnson, as honor attendant. Hrs. Herbert Nicholson will be bridesmaid. Mr. Hurley has asked his brother, Gordon, Hurley of Romeo, Mich., to be his best man. They are sons of Mr. and Mrs. George H. Hurley, Old State Road.

Donald Miller, brother-in-law of the bride came from Milwaukee to usher, with Harold Blomberg and James Hurley of Chicago and Gordon Flath of Escanaba.

The rehearsal dinner this evening will be in the Bride's Room of the Delta Hotel.

ENGAGED — Mr. and Mrs. Charles B. Parker, 1123 1st Ave. N., announce the engagement of their daughter, Maureen Ann, to Robert D. Blintner of Escanaba, a son of the late Mr. and Mrs. John Blintner. The date of the wedding has not been set. (Portrait by Millie)

Wife Of Former French Premier In Hat Business

By PATTI SIMMONS
WASHINGTON — (NEA) — The wife of a former Premier of France who once had wealth, jewels and four beautiful estates, currently runs a hat shop in Washington.

Before this Mme. Camille Chautemps, whose husband was four times Premier and eight times Vice President of his country, worked here as a chauffeur.

These are just two steps in a success story that has been packed into 13 short years since the Camille Chautemps arrived in New York penniless, with four children to support and neither knowing a word of English.

Today her husband not only has mastered our language but earns his living lecturing in it. Last year he bagged a TV speaking award.

Extrovert Juliette Chautemps talks about something she's pretty proud of, too. The former Second Lady of France is an American citizen, as of a few weeks ago.

Two of her children have married Americans. She also has a teenage son and daughter in school here.

Mme. Chautemps designed hats for people like Mrs. Allan Dulles, in Detroit Monday, and will return to Escanaba Tuesday.

Vera Voyta of Chicago and Mrs. Orval Cox and Donald Miller of Milwaukee arrived here last night for the wedding of Miss Paula Flath and Edward Hurley which is taking place tomorrow.

Salvation Army Program Saturday

Lt. and Mrs. Arthur Johnson and a group of young people, Junior Soldiers, of Marinette will present a program at the Salvation Army Temple Saturday, Feb. 27, at 7 p. m. The public is cordially invited to attend.

MME. CHAUTEMPS: Seven hats for Washington party-goers.

Mrs. James Forrestal, Margaret Truman, Ambassador Joseph C. Grew's wife and Justice Harold Burton's wife. The milliner, herself, is listed in the Capital's "green book" social register.

She was a concert pianist in Europe before getting married, and has played both in Washington and at Town Hall in New York.

You have to look twice to see any gray in the head of this grandmother who does her own cooking, much of the housework, practices the piano daily, runs a hat business, takes in her share of Washington parties and is still busy raising her own family.

"The family is the most important," points out Mme. Chautemps.

Appointed French Ambassador to Brazil by Marshal Petain, Chautemps was enroute to this post when France collaborated with the Germans, leaving him stranded in Lisbon with no job and four children to feed. The United States invited them to come here.

What gave her the brainstorm of going into the hat business? Nothing except she was Parisian and had once been "a good customer." The hunch paid off, all right, and today she has three girls working for her.

How many hats should the well-dressed Washington party-goer have?

Mme. Chautemps thinks seven. One for casual wear; three for luncheon dates and three for cocktail parties. On this she tends to lean toward the French rule that a woman can be well turned out and wear the same dress to every party as long as gloves, hats and shoes are changed.

Husbands please note: Mme. Chautemps says when an American woman buys a hat the deciding factor is usually the price. For the most part, she wouldn't think of forking out what her French counterpart pays for a Paris bonnet.

Hiawatha Women's Bowling Banquet Held At The Dells

The annual banquet of the Hiawatha Women's Bowling Association, which includes Leagues of Rock, Gladstone, Bark River and Escanaba, was held last evening at the Dells Supper Club with 165 bowlers, representing the various groups, in attendance.

Spring flowers and tapers were used in the attractive table decorations.

The after dinner program included the presentation of tournament awards by Dorothy Briggs retiring president, and the introduction of the officers for the coming year. They are: Jean Miller, Gladstone, president; Honey Williams, vice president; Pearl Curtis, secretary; Gladys Richards, treasurer; and Ullaine O'Donnell, sergeant-at-arms.

The program was followed by music and special entertainment features.

Story Hour Program Saturday Morning

Story Hour will be held at 10 a. m., Saturday in the Children's Room of Carnegie Public Library. Mrs. Kenneth G. Jensen, children's librarian, will be in charge. There will be two stories, "Where's Our Little Piggy?", the tale of a pig who went to the laundry, and "Benny's Strange Language," the story of a boy who couldn't be understood, even by his mother.

Is your child a "softie"?

A new international study reveals that American children can't compare muscularly with less privileged European children. Amazing as it seems, our children suffer from a serious "exercise deficiency." Try six simple tests on your own child and see if TV, thermostats and the rest of "push-button" living are reducing his chances for a healthy future. Salmon Is A Thrifty Main Course

By CECILY BROWNSTONE
Associated Press Food Editor

FOUND: A really delicious Salmon Loaf. If you've been looking for just such a recipe—one that has the right amount of bread crumbs, milk and seasoning to set off the good rich flavor of salmon—here it is. The sauce to accompany the Salmon Loaf is simple—condensed cream of celery soup thinned with milk, but the parsley added to it gives it a delightfully fresh flavor.

Finish your salmon loaf with slices of lemon and rounds of carrot, and serve it with baked potatoes and another vegetable such as peas, snap beans or broccoli.

A one-pound can of salmon is a fine thrifty way to serve your family a protein course during Lent. By the way, the salmon bones are softened in the canning operation and needn't be discarded; they provide calcium which our bodies utilize for strong bones and healthy teeth.

For salmon loaf, use thrifty varieties of salmon such as "pink" or "chum." The salmon is flaked in this dish and so color, texture and oil content are not important here.

You might also like to try this salmon casserole recipe because it's thrifty and easily put together. Serve it with a green vegetable or a crisp salad.

DELICIOUS SALMON LOAF
Ingredients: One 1-pound can Salmon, 2/3 cup evaporated milk (undiluted), 2 cups soft bread crumbs, 1 egg (well beaten), 1 tablespoon minced parsley, 2 tablespoons minced onion, 1/2 teaspoon salt, 1 teaspoon chili powder, 1/8 to 1/4 teaspoon tabasco sauce.

Method: Turn salmon, including liquid in can, into mixing bowl; add evaporated milk and bread crumbs; mix with a fork until blended. Add egg, parsley, onion, salt, chili powder and tabasco; mix well. Turn into well greased loaf pan, about 7 1/2 by 3 1/2 by 2 1/2 inches. Bake in a moderate (375F) oven 4 minutes or until center is firm. Serve with Parsley Sauce. Makes 4 servings.

PARSLEY SAUCE
Ingredients: 1 can condensed cream of celery soup, 1/3 cup homogenized milk, 2 tablespoons minced parsley.

Method: Mix soup and milk; stir over moderately low heat until very hot; stir in parsley. Serve over Delicious Salmon Loaf.

Michael Shaw Earns Academic Honors

WAUKESHA, Wis. — Michael Shaw, of 201 Range St., Manistique, Mich., received highest academic honors at Carroll College for the first semester, according to the scholarship report released today by Miss Royanna Benjamin, registrar.

Fifty-three students, representing the top 10 per cent of the full-time degree candidates, were recognized in this "Dean's List" for grades running from a 3.00 average, or straight A's, to 2.47, which means that a student achieved nearly half A's and half B's.

Shaw maintained a 2.47 average. A senior, he is majoring in biology and chemistry. He is the son of Mrs. George A. Shaw and the late Dr. Shaw of Manistique.

James Mikolasek, of Menominee, achieved a 2.81 average and led the pledges of Delta Rho Upsilon fraternity in scholarship.

Michael Shaw plans to enroll this fall in the George Washington University school of medicine in Washington, D. C.

THOSE IN UNIFORM

Russell J. Demers, son of Mr. and Mrs. Arthur J. Demers of 358 N. Cedar St., Manistique, Mich., is assigned to Company G of the 508th Airborne Regimental Combat Team, Fort Benning, Ga. This is the only such combat team in the United States. After a period of more than three years at Fort Benning, the 508th Airborne Regimental Combat Team is moving to Fort Campbell, Ky.

Grant Pay Raise To Road Crews

The State Highway Department has approved a 5c per hour wage increase for employees of the Schoolcraft County Road Commission, retroactive to Feb. 1, Albert Ackerman, road commission superintendent, reports.

The road commission here voted the pay increase for the 48 employees last December, and approval from the highway department had been awaited.

The pay scale for employees ranges from \$1.35 per hour for labor to \$1.56 per hour for shovel and gravel crusher operators.

Plans For Variety Show Here March 2 Nearing Completion

Plans for the Junior Class Variety Show to be presented Tuesday night, March 2, in the High School Auditorium are nearly completed.

The entertainment will include some of the best talent of the school and the community put together to give the audience a good show. J. Earl Cousineau will be master of ceremonies.

The show will open with several numbers by the "Harmonians," after which the High School Majorettes will do a routine with the "Harmonians" furnishing musical background. Vocal selections, tumbling, instrumental solos, duets and ensemble numbers will follow. There also will be fancy yodeling and two guitar-vocal numbers and the "Three Specs," Carl Olson, Marvin Frederickson and Douglas Elder will be in the spotlight for several numbers. The show will conclude with the "Coke Bottle" crew doing a specialty number.

The auditorium doors will be open at 7 p. m., and the show will start at 8. Tickets will be available at the door and may be purchased beforehand from members of the Junior Class.

Proceeds will be used to defray expenses incurred annually by the Junior Class in sponsoring the Junior-Senior banquet and for its share of prom costs.

SELF SERVICE IN MOSCOW—There's no need for sales personnel in this department store in Moscow's Red Square, according to official Soviet sources. The customers select merchandise on display in the showcases, but they are unable to handle or closely examine the items. Identification tags corresponding to numbers on the displayed merchandise are taken from a rack in front of the case. The tag is given to a cashier who makes the sale and hands the customer the purchase, already wrapped.

Civil Defense Program To Get Under Way Here

Three showings of films will get Gladstone's Civil Defense program under way, it is announced by Bill Girard Jr., chief observer for the Ground Observer Corps in Gladstone.

The films will be shown by A. J. John McLeelan of the Air Force Filter Center, Green Bay. Their purpose is to prove the importance of a strong Civil Defense through a Ground Observer Corps. Showings of the films will be at the Legion Hall Monday night at 7:30, at Gladstone High School at 1:15 Tuesday afternoon and at the City Hall Thursday night at 8.

Paul Whalen, Escanaba, Upper Peninsula Supervisor for the State Office of Civil Defense, and Hagle Quarstrom, Delta County Director of Civil Defense, presented a program at the regular Lions Club meeting at the Lincoln Hotel last evening.

Several months ago the City of Gladstone erected an observation post atop the City Garage but it has not been put into use awaiting arrival of outside officials to activate the program.

P. O. Will Get New Flag Pole

A new steel ground flag pole will be erected at the Gladstone post office at the corner of Delta and Tenth, according to information received by Postmaster B. R. Micks.

Bids on the pole will be accepted by the Public Building Service until 2 p. m., on March 17, 1954. Detailed plans and specifications are available at the postoffice.

The pole will be 40 feet tall and 6 inches in diameter at the base. It will replace the present flag staff which is located on top of the federal building and forces members of the custodial staff to go up through a trap door and on to the roof to raise and lower the flag each day.

Buckeye PTA Men Holding Work Bee
Men of the Buckeye Parent-Teacher Association will hold a work bee Saturday afternoon at the Buckeye School.

Included in the project will be painting the new cabinets and counters in the kitchen and meeting room.

Participants who have sanding blocks or putty knives should bring them. Larry Johnston announces. Other tools and materials will be provided.

More people get more news from newspapers than from all other sources combined.

Brotherhoods Rally Tonight

A rally of Lutheran Brotherhoods in the northern part of the Superior Conference is being held in Gladstone at the First Lutheran church this evening at 8.

Addressing the group on general brotherhood work will be the Rev. C. Oscar Leonardson, Rock Island, Ill. executive director of the Augustana Brotherhood. Rev. Leonardson is coming here from the Soo and will go to Marinette from Gladstone.

Norman Korinek will introduce the guest speaker.

Delegations from Brotherhoods at Manistique, Isabella, Rapid River, Perkins, Stonington, Bark River, Escanaba and Gladstone will be in attendance.

Mrs. LaChine 94 Years Old Today

Today is the 94th birthday anniversary of Mrs. Abigail LaChine, long-time resident of Gladstone who makes her home with a daughter, Mrs. Mabel Gish at 916 Minneapolis Ave. The anniversary is being quietly observed.

The LaChines came to Gladstone in 1910 and were one of the first families to live at the Flooring Plant Addition. Mrs. LaChine has made her home with Mrs. Gish since the death of her husband in 1935.

Free Methodists Arrange Services

Special weekend services will be held in the Free Methodist church tonight, Saturday and Sunday with Rev. L. A. Robert, Manistique, district superintendent, conducting the services and preaching. Tonight and Saturday evening the services will start at 7:30 while on Sunday the scheduled times are 10 and 7:30.

DIFFERENCE IN SPIDERS

Spiders vary greatly in their methods of securing prey. Some build webs, while some stalk their prey and pounce upon it; others run their quarry down in open chase, while still others lurk in ambush for their victims.

ATTENTION
UPPER MICHIGAN RESIDENTS
The Mackinac Straits Bridge is a 70-year-old dream that has come true, and it is now open to traffic. On June 11, 1957, Chief Engineer David Barnard Steinman, who has been building bridges for 40 years, will be 70 years old on that date, and there is a good chance that he will be the one to drive the first vehicle over the longest bridge in the world and the greatest tourist attraction in the Midwest, on his birthday.

Now is the opportune time to enter or secure a business of your choice and the location you desire. We have many desirable business enterprises in various parts of the Upper Peninsula listed with our Escanaba and Detroit offices. St. Germain Hired As New Holy Name Coach

Rev. O'Neill D'Amour, executive director of the Diocese of Education, today announced that Tom St. Germain, St. Joseph coach, has been signed to a two-year contract as coach for Holy Name High School.

Fr. D'Amour announced that St. Germain will coach basketball, football, baseball and track at the new Escanaba Catholic High School which will enter the Upper Peninsula prep sports picture for the first time next school year.

St. Germain has been coach at St. Joe since the 1948-49 season and his Trojan teams have compiled impressive athletic records since that date.

Coach Of Year

The St. Joe mentor last year was named the Upper Peninsula "coach of the year" in basketball by the U. P. Sports Writers Association after his Trojans had captured the Peninsula Class C crown and moved to the state semifinals before losing to Muskegon St. Mary.

Since taking over the St. Joe reins, St. Germain has guided the Trojans to 91 victories against 24 defeats, a .791 winning percentage.

Tournament Tickets Go On Sale Monday

A limited supply of reserved seat tickets for the Class C district basketball tournament at Stambaugh March 4-5-6 will be placed on sale here and in Bark River Monday morning.

Each competing school in the tournament has received 50 reserved seat tickets which will be sold to players' parents. The remainder will be sold at the St. Joseph rectory starting at 10 a. m. Phone order will be accepted after 10 or fans may come in person, he said.

At Bark River the tickets will go on sale at the High School at 9 a. m.

Willard Anderson, tournament manager, also announced that telephone orders for reserved seat tickets would be accepted at the Stambaugh High School principal's office on Monday.

TOM ST. GERMAIN

His basketball coach record follows: 1949—won 13, lost 7; 1950—won 15, lost 3; 1951—won 17, lost 3; 1952—won 17, lost 3; 1953—won 18, lost 4; 1954—won 11, lost 4.

For the past three seasons the Trojans have moved through district tournament competition and into the regional finals. In 1951 St. Germain's team lost in the regional finals to Soo Loretto and in 1952 the Trojans were beaten by Houghton in the U. P. Class C championship tilt. St. Germain has also guided the Trojans to four U. P. Parochial School tournament trophies.

Red Wings Win, Take 11-Point League Lead

By THE ASSOCIATED PRESS. The Detroit Red Wings, seeking their sixth straight National Hockey League championship, moved 11 points ahead of the pack Thursday night by defeating the tail-end Chicago Black Hawks 3-2. The victory gave Detroit 79 points to 68 apiece for the Montreal Canadiens and Toronto Maple Leafs, who battled to a scoreless tie.

come recognized as a Class C power in recent years. St. Joe has won 18 of 24 games in the past three seasons and St. Germain has an over-all record of 24 wins and 24 losses since 1948.

After graduating from Baraga High School, where he starred in football, basketball and track, St. Germain earned athletic letters at Baldwin-Wallace College in Berea, Ohio, and Northern Michigan College of Education in Marquette from where he graduated in 1948.

A veteran of World War II in which he served in the Air Force in Italy, St. Germain is married and has two sons, Sammy and Jerry.

Manistique Reserves Lose In Tournament

MANISTIQUE — Munising reserves defeated Manistique 60-42 in the opening games of the Great Lakes Conference Reserve Championships at Munising Wednesday night.

In other games in the tournament, Newberry reserves beat Ishpeming and Negaunee beat Marquette. Thursday night Newberry played Soo on a by and Negaunee and Ishpeming played.

Winning teams will clash Saturday night at Munising in the finals of the Great Lakes Conference reserve championship.

The Emerald reserves won no games this past season.

Coach Dick Berger sent George Phillion, Bim Gero, Dave Cook, Ronald Johnson, Ralph Williams and Richard Norton, all sophomores, into the lineup for the clash with Munising.

Celtics Rally To Win 101-96

By THE ASSOCIATED PRESS

The Boston Celtics rallied in the closing minutes to whip the Syracuse Nationals 101-96 Thursday night and moved to within a half game of the second-place Nats and three games of New York in the National Basketball Assn.'s eastern division.

The leading Knicks were cooled off by the Fort Wayne Pistons 82-62; the Philadelphia Warriors defeated the Minneapolis Lakers 81-72 and the Rochester Royals trounced the Baltimore Bullets 102-86.

Bill Sharman was the big man in the Boston attack, scoring 26 points. Ed Macauley had 21 and Bob Cousy 19.

Fort Wayne broke open its game with New York in the third period by outscoring the Knicks 16-1 in the first five minutes of that session.

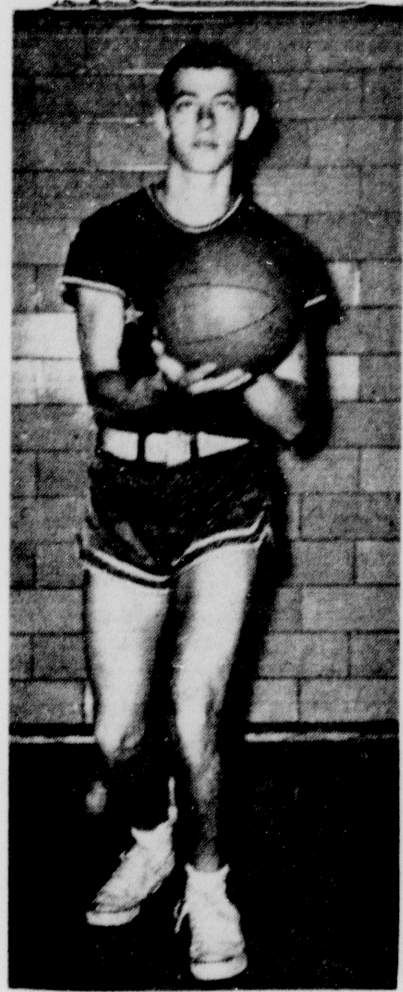

Philadelphia's Joe Graboski scored 33 points as the Warriors rallied from an 38-all tie at half-time to beat the western division leaders.

Kansas Track Team Favored To Repeat

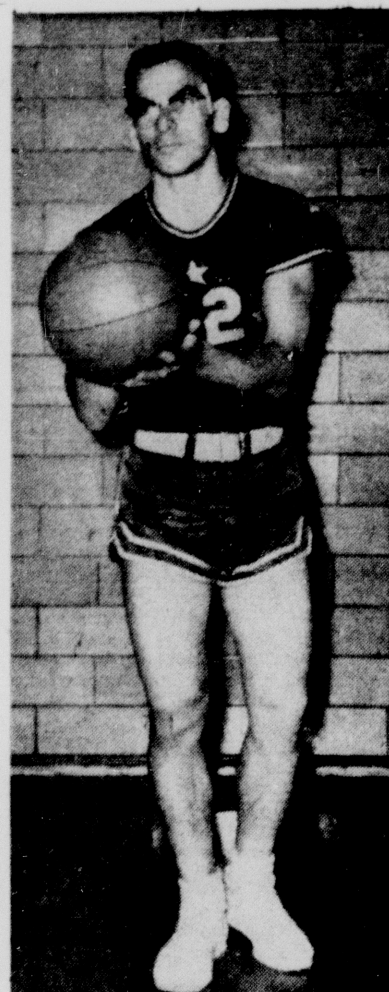

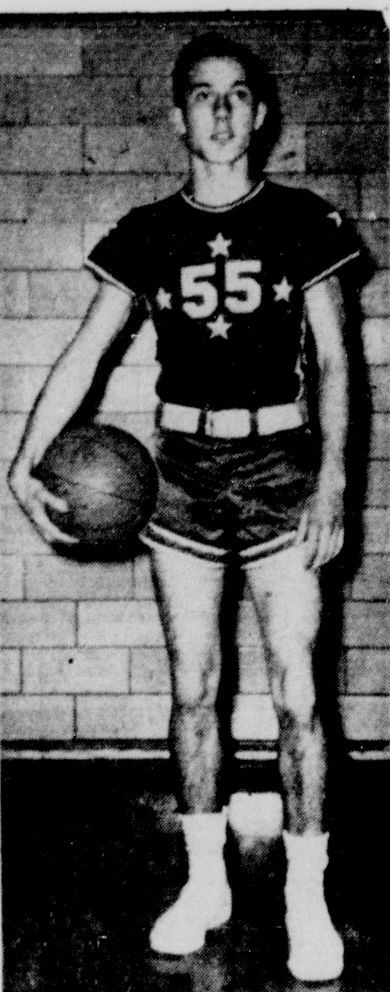

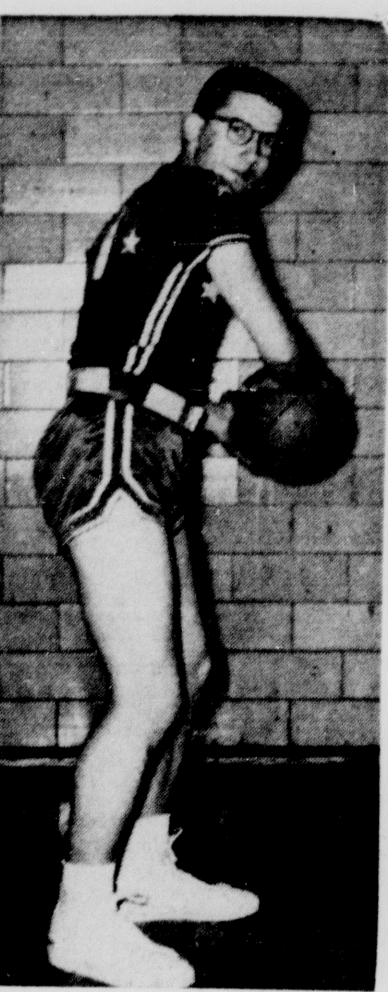

KANSAS CITY (AP) — Kansas University's tremendous distance corps, featuring the great Wee Santee, is expected to pace the Jayhawks to their third straight Big Seven indoor track title in the league's 26th meeting opening tonight.

Preliminaries in the dashes, hurdles and shot put are scheduled tonight. Finals are scheduled Saturday night.

Santee, who'll be keeping an eye on the 4-minute mile, intends to break his own mile record, 4:08.3, and half mile standard, 1:52.2, for the meet set last year.

FOUR SENIORS—Four St. Joe Trojan seniors who will be making their final home basketball appearances with the St. Joe Trojans tomorrow night against Negaunee St. Paul are, left to right: Dick Cass, Jim Zimmerman, Jerry McDonough and Bill Maycunich. St. Joe will be playing its last basketball game of

the regular season and its final game as a school. St. Joseph students next year will enroll at Holy Name High School. Other seniors on the cage squad are Dick Bryson, Dave Hirn and Bob Rademacher. (Daily Press Photos)

Skinny's Turns Back Rodman Foxes, 72-68

Skinny's Bar turned back the Rodman Foxes of Hermansville 72-68 in overtime here last night to maintain their undefeated record for the season.

Rodman's staged an up-hill battle in the last two periods to knot the game with a minute and 30 seconds left. The score tied at 64-64 at the end of the fourth period.

In the overtime Charlie Camps scored the bucket that proved the winning margin and Ed Gauthier chipped in with four points. Don Lewis led both teams with 21 points before fouling out of action. Bob Carlson paced the Hermansville quint with 19.

In the preliminary game Jack's of Rapid River scored a 63-48 victory over Mike's Bar with Vic Zar and Don Nelson scoring 18 and 17 points. Don Scott and Bob Dufour paced Mike's with 14 apiece.

RIZZUTO SIGNS. ST. PETERSBURG, Fla. (AP) — Phil Rizzuto, veteran shortstop of the world champion New York Yankees, signed a one-year contract at an estimated \$40,000 salary today. It is believed to be the same salary he received last year.

The slugging first baseman of the Philadelphia Athletics and Boston Red Sox, whose 534 home runs ranked him second only to Babe Ruth, has been out of baseball for five years. He ended his active major league career with the Phillies in 1945 and managed the St. Petersburg club of the Florida International League from 1947 to 1949.

"I'm anxious to get back into baseball in almost any capacity, the Maryland strong boy said at the recent baseball players' golf tournament at Tampa. "I talked with Hank Greenberg (Cleveland general manager) recently and he said he'd let me know."

Pine Mountain Mark Is Expected To Fall

IRON MOUNTAIN — Pine Mountain's five-year-old hill record is expected to be shattered here over the week-end with the first 300-foot ski leaps recorded east of the Rocky Mountains.

Giant Pine Mountain, the highest artificial ski scaffold in the world, is groomed to perfection and covered with a fresh fall of snow. Officials and early jumper arrivals confidently predict jumps of 300 feet and over will be accomplished for the first time in the 15-year-old history of the hill.

One hundred and seven daredevils, including three National champions, are poised for the two-day classics expected to draw 30,000 spectators. The Michigan State Championships will be held Saturday and the 19th annual Kiwanis Tournament is scheduled for Sunday.

Among the 38 class A stars are Billy Olson, University of Denver, and Joe Perrault, Olympic stars, who share the hill record of 297 feet. But Roy Sherwood, of Salisbury, Conn., the 1954 National

Champion will be the man to beat. Sherwood, who specializes in powersteering, won the national title at Ishpeming last week. The entire National Tournament lineup will compete in both events.

In addition to Olson and Perrault, Sherwood's top rivals will be Clarence Hill and Ralph Bietli, of Ishpeming; Cpl. Johnny Bednarz, of Camp Lucas Mich. and Wilbur Rasmussen, of Negaunee, Mich.

Alf Vincelle, of Bear Mountain, N. Y., is favored to take the class B honors and Ted Lahner, National Champion from Eau Claire, Wis., is favored in class C. Lloyd Sevord, of Eau Claire, is the top jumper in the senior division.

Francis Has Injured Ankle; Keeps Lead

NEW YORK (AP)—Bevo Francis of Rio Grande, who probably won't play for several weeks because of an ankle injury, still is far out front in the small-college scoring race, but — surprise! — one of his rivals shows a better percentage for accuracy.

Paul Lauritzen of Augustana (Ill.), a six-foot, three-inch senior, was hitting 63.5 per cent of his field-goal attempts through games of Feb. 20, according to NCAA Service Bureau statistics. Francis shows a 49.8 average.

At the rate he's going Lauritzen will set a record. The current mark on the book is 60.6 set last year by Bob Buis of Carleton.

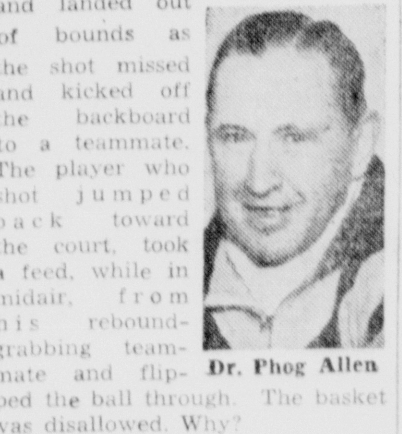

Francis, of course, heads the scorers with 1,046 points.

The 1954 U. S. national amateur figure skating championships will be staged in Los Angeles on March 18, 19 and 20. They will be held under the auspices of the U. S. Figure Skating Association.

REFEREE

By DR. PHOG ALLEN, Kansas Coach

Written for NEA Service QUESTION: In a West Virginia-Richmond contest last year, a player left his feet for a shot and landed out of bounds as the shot missed and kicked off the backboard to a teammate. The player who shot jumped back toward the court, took a feed, while in midair, from his rebound-grabbing teammate and flipped the ball through. The basket was disallowed. Why?

Dr. Phog Allen

Answer: The shooter was still out of bounds, technically, because he had not touched fair territory with his foot after coming from out of bounds. To be considered in bounds, he had to land. The fact that he was in the air above fair territory didn't matter.

Q. What is the main thing a team using a pressing defense gains?

A. It forces the club on offense to pull its pivot man up court, station him at the 10-second line to act as a post, so the ball can be moved. It harries the other team into making mistakes.

Q. Who won the first National Invitation Tournament at Madison Square Garden and when was it played?

A. Temple in 1938.

Notre Dame hasn't accepted a football bowl invitation since 1925. The game was the Rose Bowl and the Irish, led by the Four Horsemen and Seven Mules, defeated Stanford, 27-10.

The American Hockey League has three playing-coaches—Frank Eddolls of Buffalo, Murray Henderson of Hershey and Pat Egan of Providence.

Manistique Skiers Close Best Season

MANISTIQUE — Six 1st places, three 2nd places and three 3rd places were won by Manistique skiers in 1954 during participation in five sanctioned ski tournaments.

For their efforts the Manistique riders, among the best in the Peninsula, won 18 medals and one trophy.

The year 1954 proved to be one of the best for Manistique's skiers, most of whom are now in their fourth year of competition. Next year they will observe their 15th anniversary as a ski club, and there is a possibility that they will be host for a district or national junior championship tournament.

Already, plans are underway to lengthen Allen hill, to permit jumps of 100 feet. Art Allen and Earl Cowman direct activities for the ski clubs here.

At Munising this year, Dan Harbick took 1st place and Jim

Cowman, 3rd place in Class 1, and Jack Swartstrom took 2nd place in Class. Cowman also won 2nd place in Class 1 at Houghton, and Swartstrom 3rd place in Class 2.

In district competition here, Dan Harbick took 1st in Class 1 and Jim Cowman, 2nd; and in Class 2, Swartstrom won 1st place.

Later at Iron Mountain and at Ishpeming, Swartstrom again took 1st in Class 2. Cowman and Harbick also scored at Ishpeming, in the U. P. championships, by taking 1st and 3rd place respectively in Class 1.

All Manistique skiers this year have placed in the top 10 in competition in Upper Michigan, and this is considered excellent in skiing circles.

Carl Maynard, Beverly Gentz and Ronald McDonough also have placed in the meets this year and are excellent skiers, their mentors report.

The Manistique skiers range in age from 14 to 17. Plans for organization of a senior class in U. P. skiing are being considered.

Game At Kingsford Will Start At 9:15

Escanaba hits the road for the final game of the 1953-54 basketball season tonight at Kingsford. Bee teams of the schools will clash in the opener at 7:45 (Escanaba time) and the main game starts at 9:15.

Coach Burt Gustafson's Eskys cagers will be shooting for their ninth victory of the season. They capped their last start against Manistique.

The Eskymos enter tournament competition at Gladstone next week. Drawings for the Class B district tourney will be held at the Gladstone High School Monday afternoon.

Veteran Willie Pep Battles Young Perez

NEW YORK (AP) — It's the old story of the up-and-coming youngster and the fading veteran in Madison Square Garden tonight when 31-year-old Willie Pep fights 20-year-old Lulu Perez in a 10-rounder.

The Brooklyn speedboy is a slight 6-5 favorite to dash the ring-scarred Pep's hopes of getting another crack at the 126-pound title.

The 10-rounder will be broadcast (ABC) and telecast (NBC) at 9 p.m. CST.

Willie has won 19 fights in a row since he was stopped by Tommy Collins in six rounds last June. His record is 183-5-1 with 55 knock-outs.

Perez has a 34-2 record for less than three years as a pro. He has 19 kayos to his credit.

Garden And Manistique Win In Cage Tourney

GARDEN—The host Garden quint and Manistique Central notched opening round victories in the Junior High basketball tournament here last night.

Garden opened fast and then had to stave off a late rally to beat St. Anne's of Escanaba 34-32. Central had no trouble taking St. Francis de Sales of Manistique, 45-29.

Garden's team grabbed a 12-0 lead over St. Anne's and finished the period with a 14-4 margin. St. Anne's outscored Garden 16-8 in the second and third period and had the deficit cut to 22-20 entering the final frame.

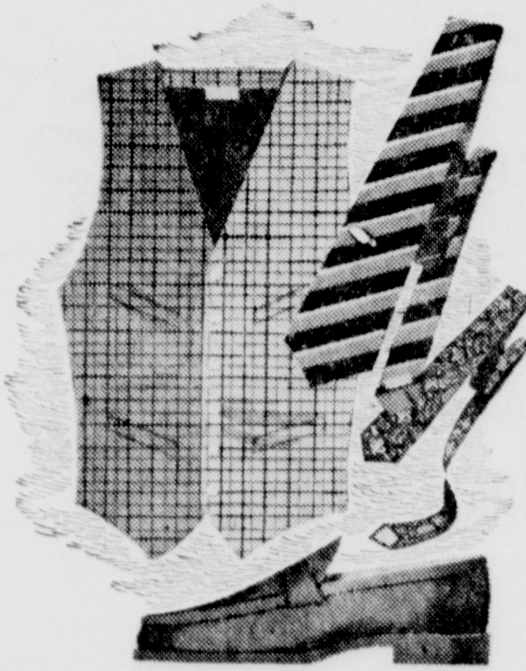

Larry Farley hit from the field in the final seconds to break a 32-32 deadlock for the win. Neil McPhee set the Garden scoring pace with 17 points and Dubord

hit 15 for the losers. Central presented a well-balanced scoring attack with Dybek and Gunderman scoring 10 points apiece. The smooth-playing Central cagers took a 15-6 lead in the first period and were never in danger. S. Rubick and Dragas paced the losers with 12 and 11 points.

Semifinal games tonight will match Garden and Manistique Central in the opener at 7:30 and Cooks against Daggett at 8:45.

The winners will meet Saturday night for the championship while the losers tangle in a consolation game.

Quarter scores: Garden 14 2 6 12-34 St. Anne's 4 6 10 12-32 Central 15 8 9 13-45 St. Francis 6 10 3 10-29

Fabulous Frank Selvy Is Top Star On AP All-America Team

By TED MEIER
NEW YORK (AP) — Furman's Frank Selvy, who sets a major college record every time he scores a basket, tops the 1954 Associated Press All-America collegiate basketball team announced today.

Named as Selvy's teammates by a vote of 365 sportswriters and broadcasters were Don Schlundt of Indiana; Tom Gola of LaSalle; Cliff Hagan of Kentucky and Bob Pettit of Louisiana State.

Nor since the heyday of Easy Ed Macauley of St. Louis back in 1949 has a player been accorded as many votes as Selvy, a native of Corbin, Ky.

He was picked on the first team on 280 ballots; 41 times on the second team.

ST. PETERSBURGH, Fla. (AP) — With Vic Raschi gone, manager Casey Stengel of the New York Yankees is trying to fill the pitching vacancy with Ewell Blackwell.

He named the Eel to start the first game of the exhibition season a week from Saturday.

"My arm and shoulder feel good," said Blackwell, who is on the voluntary retired list because of the arm miseries last year.

PHOENIX, Ariz. (AP) — With right fielder Don Mueller in the fold, the New York Giants today faced only one major holdout: Whitey Lockman. Mueller, who hit .333 last year, probably will get about \$18,000, a \$3,000 boost.

MESA, Ariz. (AP) — The Chicago

On the basis of five points for a first team vote and two points for the second team, Selvy polled 1,482 points, 273 points more than the 1,209 rolled up by Schlundt, Indiana's record scorer in the Big Ten.

Gola and Hagan, two repeaters on the All-America, tallied 1,146 and 1,101 points, respectively. Pettit was far behind with 784 points.

Pettit actually polled less first place votes than the controversial Bevo Francis of little Rio Grande (Ohio) College, but made the first team by virtue of numerous second team marks.

Pettit got 102 first place votes to 119 for Bevo, but got 137 seconds to 86 for Bevo. Thus he gained the edge over Bevo for the first team by a mere 17 points.

Ohio State Holds Key To Big Ten

CHICAGO (AP) — Seventh place Ohio State holds the key to the Big Ten basketball title race when it meets league-leading Indiana Saturday.

The small Ohio Staters, whose Paul Ebert and Robin Freeman are ranked 4th and 5th in conference scoring are in a hot-shooting, three-game winning streak. They also have the advantage of their home floor.

Indiana, trounced 82-64 by Iowa Monday, has a 20-2 record and the Buckeyes appear primed to pull an upset. Ohio State, with Ebert averaging 23.1 points and Freeman 22.0, have defeated Michigan, Iowa and Minnesota in succession for a 5-7 record.

Official Big Ten statistics prove the Buckeyes are the top scoring team, leading in field goal percentage with .387, free throw percentage with .705 and average points per game with 79.

Indiana, whose Don Schlundt tops all individual scoring with a 27.2 average, is second in field goal accuracy with .380 per cent and fourth on hitting free throws with .665. The Hoosiers are second to Ohio State in team scoring with an averaging of 77.6 points.

Defensively, Indiana has a big edge, limiting opponents to a 70.5 average while Ohio State has yielded the most points in the conference, 80.7.

After Indiana Saturday, the Buckeyes play second-place Iowa (9-3) Monday at Iowa City. A pair of his State victories could boost third-place Illinois (8-3) well into the title picture as the Illini prepare for a stretch run against Michigan, Northwestern and Indiana. That Indiana game, March 6 at Bloomington, could be the decisive one.

Won Five Straight

While Ohio State has thrown confusion into the race, Northwestern (6-6) has consistently won much or more. The Wildcats, winners of five straight and hitting a field goal percentage of 44 in that stretch, were the first in the Big Ten to knock off Indiana—a 100-90 overtime thriller Feb. 13.

The Wildcats could pull another giant killing act Monday against Illinois, whose John Kerr is the Big Ten's No. 2 scorer with a 24 point average.

Illinois is at Michigan, Iowa at Michigan State, Northwestern at Minnesota and Wisconsin at Purdue to complete Saturday's Big Ten card.

Fred Glover of the Cleveland Barons holds the American Hockey League record of goals scored in consecutive games. In 1950-51, Glover scored in 11 games in a row.

Three Wives Die; Man Arrested

PORTLAND, Ore. (AP)—A white-haired, mild-appearing man, whose first two wives died violently in Chicago in the early 1920s, was accused late Wednesday night of killing his third wife here.

George F. Sack, who was committed to a mental hospital seven years after being accused of shooting his second wife to death, was charged here with asphyxiating Goldie Goodrich Sack, 56, last week.

For six days medical experts had sought to determine the cause of death of the woman, whose body was found in a vacant lot across town from the apartment house which Sack owned and where the couple lived.

Police charged Sack with first-degree murder. He had been free on \$10,000 bond, after being booked as a material witness because a resident of the area near the vacant lot reported he had seen Sack's automobile parked beside the lot the night Mrs. Sack disappeared.

Sack's first wife died in an apartment fire in Chicago in 1923. His second was shot to death in 1925. He was accused of shooting her. Defended by Clarence Darrow he was found insane. Seven years later he won his release from an Illinois mental hospital.

Seven years after that—in 1939—he was held 10 days by Seattle police, who questioned him about the disappearance of J. C. Young, 55, a Seattle man who had rented a chicken farm to him. He also was questioned about the disappearance of a Monroe, Wash., housekeeper. Neither person ever was found.

Sack, who had lived here quietly the past 15 years, denied any knowledge of his third wife's death, Sheriff Terry Schunk said.

LANSING GROWS — The steel framework of Lansing's new five million dollar civic center, which will include a large Veteran's Memorial auditorium and offices, is pushing upward. The

building, like the new Stevens T. Mason state office building at right rear, is situated in the area which only a few years ago was the city's residential section. (AP Photo)

Moscow Class Scans Soo Map

WASHINGTON (AP)—A former Canadian Communist says students attending Moscow's Lenin Institute in 1950 and 1951 studied maps of Detroit and Sault Ste. Marie, Mich.

The ex-Communist, John Hladun, of Toronto, testified Wednesday as a prosecution witness against Ben Gold, president of the Fur Workers Union. Gold is charged with falsely denying Communist party affiliation in an oath filed with the National Labor Relations Board in August 1950.

The Fur Workers Union was ousted from the CIO as Communist dominated.

Hladun said he attended courses at Lenin Institute with Gold and received full scale instruction in revolutionary tactics. He said maps of the two Michigan cities and New York, Pittsburgh and Gary, Ind., were used in connection with the studies.

Hladun said students were questioned closely by teachers as to the "most vulnerable spots" to be seized in the event of an uprising. He said such spots included police stations, railroads and communication facilities.

The students were taught, Hladun continued, that when the "final conflict comes we Communists are going to be the victor."

Garden

Birthday Anniversary
GARDEN—Mrs. William Winter and Mrs. Stanley Jacques were pleasantly surprised Sunday evening when friends met at the home of Mrs. Winter to help them celebrate their birthdays. Games were played with awards being presented to Mrs. Elmer Bonifas and Mrs. George Boudreau.

Lunch was served from a table decorated in red, white and blue, and a large birthday cake served as the centerpiece. Both Mrs. Winter and Mrs. Jacques received nice gifts.

Drought Fearsome Force In Colorado

By HARMON KALLMAN
Denver Post Staff Writer

DENVER (AP)—Drought seldom is dramatic. Ordinarily it spreads like a silent cancer. But in southeastern Colorado today it is a tangible, fearsome force.

You feel the grit between your teeth, between your fingers, in your eyes, even though it may not be blowing. You begin to itch all over with it as you watch mile after mile of fences buried in blown dust and sand, telegraph poles and farm equipment banked high with the powdery stuff that kills rich farmland.

Like Ocean Beach

The farther south and east you go, the fewer furrows you can discern in what was plowed wheat-land a short week ago.

This is what I saw when I made a trip into the area: Just a few miles to the south and the world turned gray. A few hundred yards off main Highway 109 on a section-like road you could see the first bitter evidence.

It looked curiously like an ocean beach with a few weeds rising above the wind-sculptured sand. There was moisture beneath it. Broken cedar fence posts looked like driftwood.

Bob White of Rocky Ford, who superintends 70,000 acres of Colorado farmland for the Baughman Farms Co. of Liberal, Kan., was driving by.

"This is hardly anything," he said. "Go to Haswell and Eads. I'll break your heart."

"See, this winter wheat is still and soggy," Vaughn, of Gladstone and Mr. and Mrs. Elmer Bonifas and family of Escanaba, spent Sunday at the home of Mr. and Mrs. Elmer Bonifas Sr.

Mrs. Fred Beaure visited relatives in Escanaba Thursday.

green, even though it's sick and you can barely see the furrows that were here until last week. With moisture this will still make wheat.

Train Lost In Dust
"It's not as bad as it was in Texas in the 1930s, but I've never seen one storm do as much damage as that one last week."

Farther south you noticed that the fences not covered by dunes were blown thick with weeds, like brown hedgerows.

Eastward to Arlington it grew steadily worse. A train on the Missouri Pacific line went by and was lost within 100 yards in a cloud of dust from the rails and roadbed.

Each remaining clump of grass seemed to have its own little sand dune on the windward side. A grader operator who wouldn't give his name said it had been worse in the 1930s. "People have just forgot."

Sink Same Ship Once A Month

BAYONNE, N. J. (AP)—The Navy sinks a ship in New York harbor once a month and then brings it up again. It's part of the operation of the Navy school for Salvage Divers at the Bayonne Navy Base.

Each time it's a 320-ton LSI (landing ship, infantry), sunk in 20 feet of water. The student divers aren't told what made the ship sink. They're just told to go down and fix it and get it to the surface again. When everything is shipshape, they pump air into the vessel to refloat it.

It has been estimated that it is possible to grind eyeglass lenses in 11,132,544 different combinations of curvature.

Bad Days Ahead For TV 'Doctor'

By C. E. BUTTERFIELD

NEW YORK (AP)—It looks like hard times are ahead for the "TV Doctor"—the man in white who advises you so positively about your ills and remedies in so many commercials.

The Schwerin Research Corp., which studies many matters in the operation of radio and TV, puts it this way:

"The 'doctor' of the TV commercials apparently has had his day. Public disfavor and that of the medical profession have him on the run. Whether he will continue to exist in 'dramatized announcements' or find his activities further curtailed is not yet clear."

When protests mounted about the use of actors as "doctors" selling a sponsor's wares, the networks responded by labeling the commercials as dramatizations. This rule has not been too effective, though. The brief announcement is often lost in the breathless flurry of credits.

"In the background of the present situation," Schwerin says, "is one of broadcasting's most basic problems. When a successful approach is found, it usually is widely copied. Both the quantity and the generally lower quality of the imitations ultimately have an adverse effect."
